

Liberal Arts Transfer - Science

Associate in Arts

This academic map is a suggested semester-by-semester guide to keep you on a clear pathway to program completion. Your academic advisor will provide you with clear direction needed to stay on course and discuss scheduling options with you. Taking courses not reflected on this map may result in courses not counting toward the completion of your requirements.

About Developmental Courses

Developmental courses do not satisfy graduation requirements, but they are required for those who place into them and will appear on the student's transcript. Placement into one of the following courses indicates that a student needs additional preparation before enrolling in college-level courses:

ENGL 091	Preparing for College Reading I	ENGL 092	Preparing for College Reading II
ENGL 095	Reading and Writing Seminar	ENGL 099	Introductory Writing
MATH 001-003	Prep College Math I-III	MATH 010	Fundamentals of Mathematics
MATH 060	Math Literacy	MATH 011	Introductory Algebra
MATH 012	Intermediate Algebra		

Route to Success

Summer and/or Winter Session classes may be available for your program to help you finish on time. See your advisor and/or visit the online course search for availability.

Ready to Go

Courses have no prerequisites or developmental courses.

Semester-specific Course Offerings

Courses are not offered all semesters.

Minimum Grade Requirement

Students must earn a minimum grade to remain in the program.

Electives

For details on eligible electives, please see reverse.

Taking **15 credits/semester** or **30 credits/year** will help you stay on track to finish your degree in two years.

CONGRATULATIONS
You've Arrived!

Program Notes

Science Transfer Students: It is essential that you take major-level science classes (BIOL 121, BIOL 122, CHEM 151, CHEM 152, PHYS 161, PHYS 162), and appropriate math classes. It is strongly recommended that you consider joining the STEM Scholars program and/or meeting with a STEM advisor, who can help you plan out your courses. Contact the Science and Math Division at x1508 for more information or to schedule an appointment.

Pre-Allied Health Students: Most allied health programs require Anatomy and Physiology I & II (BIOL 201 and 202), and some also require Microbiology (BIOL 231). These three courses have a prerequisite of Biological Principles I (BIOL 121). Biological Principles I, or an equivalent course from another school must be taken prior to enrolling in any of these classes. Students who feel they have a strong understanding of the concepts covered in Biological Principles I can take a challenge exam through the testing center to test out of the prerequisite requirement. Other courses may be required, or increase chances of being admitted, depending on the program. Please contact the Nursing and Allied Health Division for more information.

Pre-Veterinary Technology Students: Admission to the Veterinary Technology program at Massasoit requires that students have completed Biological Principles I (BIOL 121) and have completed or tested out of developmental math and English. Completing certain other courses may result in an increased score on the admissions rubric. For more information, please contact the Veterinary Technology program at x2380.

By the end of the second semester, students should have completed all developmental math coursework in order to be on track and graduate on time.

History Electives: HIST 101 History of Western Civilization I, HIST 102 History of Western Civilization II, HIST 103 US History I, HIST 104 US History II, HIST 108 World History I, HIST 109 World History II, or HIST 131

The United States since 1945

Math Electives: MATH 158 Intro to Statistics or MATH 203 College Algebra or higher

Computer Elective: CTIM 157, 168, 221, 271, 281, 361, 362, 371, 372, 373, or a maximum of three credits from CTIM 101-109

Literature Elective: ENGL 201 English Literature I or higher, excluding ENGL 251

Other Electives: Students choosing a humanities, lab science, liberal arts, modern language, or science elective can select from the Course Elective Guide at massasoit.edu/electives.

This program is intended for students who wish to continue their education to pursue a bachelor's degree at a four-year college or university. Students enrolled in this program may consider transfer options through MassTransfer with Massachusetts state colleges and universities or other transfer opportunities at private institutions.

For more information about transfer opportunities, program pathways, course equivalencies, and upcoming transfer events, please visit massasoit.edu/transfer.

Some courses may have prerequisites, which are courses that **must** be taken prior to a particular course. For details, log into DegreeWorks through your MyMassasoit portal.

A minimum of 62 credits and 20 courses is required for completion. The same course may not be used to satisfy two different course requirements.
