

## IPEDS Institutional Graduation & Transfer Rates

- For *IPEDS*\* reporting, we track a cohort of students who are first-time, full-time degree-seeking (or certificate-seeking) students for a particular Fall semester.
- This population represents about a third of our incoming Fall class; the others are enrolled part-time, are transfer-ins, and/or are not in degree or certificate programs.
- IPEDS* allows community colleges to report both *Graduation* and *Transfer* Rates (as both are central to our mission) over a relatively short period of time. The **Graduation Rate** has traditionally been calculated based on **150% time**—three years for an associate degree and 18 months for a one-year certificate. The **Transfer Rate** is also reported at the three-year mark and is based on information gathered from NSC (National Student Clearinghouse) when we query subsequent enrollment/attendance at other colleges. We also report on persistence (**Still Enrolled**) at this point as well.
- Massasoit's Four-Year Average Graduation Rate: 19%; Transfer Rate: 20%*
- Community colleges complete a report on the *Graduation Rate within 200% time* (within four years for an associate degree) as well. Tracking the same initial cohorts, the graduation rates have increased significantly by allowing more time.
- In our most recent submission to IPEDS, the **Fall 2021 cohort** (583 students) were tracked through 2024 graduation. A total of 113 (19%) graduated within 150% time. Another 146 (25%) transferred before completing their Massasoit program.
- An additional 70 (12%) in the cohort are still enrolled (persisting) at Massasoit.
- More than one tenth of the cohort group (75 or 13%) transferred after graduation, in addition to the 25% who transferred without completing their Massasoit program.
