

## Networking Security Specialist Certificate Program

### Diversifying the IT talent pipeline.

Through the Tech Rise project in coordination with state equity and workforce initiatives, Massasoit Community College will be offering a fully funded certificate program to increase the diversity talent pipeline of women and students of color in the IT fields.

Starting in January 2024, the Networking Security Specialist certificate program will be offered at our Brockton campus, Monday through Friday from 9:00am-3:00pm.

The 12-month certificate program provides students with a comprehensive and practical approach to learning about networking, security, cybersecurity, and system administration. Students will be able to apply these skills in various industries and organizations.

Students will be enrolled in four courses each semester where they can expect to learn foundational topics in IT and participate in lab activities, using advanced applications.

Students will receive:

- ◆ Free tuition
- ◆ Laptop
- ◆ Certification fee waiver
- ◆ Job placement assistance

Upon completion, students will have the opportunity to become certified in the following nationally recognized certifications:

- ◆ CompTIA A+
- ◆ Cisco CCNA
- ◆ Windows Server Azure
