

IPEDS Institutional Graduation & Transfer Rates

- For *IPEDS** reporting, we track a cohort of students who are first-time, full-time degree-seeking (or certificate-seeking) students for a particular Fall semester.
- This population represents about a third of our incoming Fall class; the others are enrolled part-time, are transfer-ins, and/or are not in degree or certificate programs.
- IPEDS* allows community colleges to report both *Graduation* and *Transfer* Rates (as both are central to our mission) over a relatively short period of time. The **Graduation Rate** has traditionally been calculated based on **150% time**—three years for an associate degree and 18 months for a one-year certificate. The **Transfer Rate** is also reported at the three-year mark and is based on information gathered from NSC (National Student Clearinghouse) when we query subsequent enrollment/attendance at other colleges. We also report on persistence (**Still Enrolled**) at this point in time as well.

- Massasoit's Four-Year Average Graduation Rate: 19%; Transfer Rate: 19%

- Community colleges complete a report on the **Graduation Rate within 200% time** (within four years for an associate degree) as well. Tracking the same initial cohorts, the graduation rates have increased significantly by allowing more time.
- In our most recent submission to IPEDS, the **Fall 2020 cohort** (545 students) were tracked through 2023 graduation. A total of 129 (24%) graduated within 150% time. Another 112 (21%) transferred before completing their Massasoit program.

- An additional 72 (13%) in the cohort are still enrolled (persisting) at Massasoit.
- More than one tenth of the cohort group (87 or 16%) transferred after graduation, in addition to the 21% who transferred without completing their Massasoit program.
