CSHU041  Paramedic Core Competency
National Continued Competency Requirements (NCCR) are determined by the NREMT Board of Directors based upon widespread input from EMS researchers, EMS physician and EMS provider stakeholders. The NCCR comprises 50% of the overall requirements necessary to recertify. Topics in the NCCR are chosen among the following: evidence-based medicine, any changes in the National EMS Scope of Practice Model, science-related position papers that affect EMS patient care, topics which cover patient care tasks that have low frequency yet high criticality, and articles which improve knowledge to deliver patient care. The NREMT will provide the educational materials for this component to the EMS community as part of their mission - to protect the public.

Legal

CSBU049  Legal Interpreting Hearings & Proceedings
This class is open to students who would like to expand their interpreting skills in legal settings. The course will cover the most in-demand types of hearings such as Due Process Hearings, Unemployment Hearings and Depositions. Students will learn legal terminology and procedural protocols needed to interpret for various types of hearings. In addition, students will have the opportunity for intense practice through mock depositions, due process and unemployment hearings. These mock hearings will give the students the experience and comfort-level needed to apply for work in the field. Trained legal interpreters are in demand throughout Massachusetts and nationwide in law offices, schools, state agencies and contracting agencies. Prerequisite: Students must provide a certificate of completion for a minimum of 40 hours of interpreter training or a letter from your employer confirming a minimum of 3 years’ experience as a working interpreter in any setting. Please register early as a brief telephone interview will be required before acceptance into the course. Open to Spanish, Portuguese, Cape Verdean Creole, and Haitian Creole.
