

Engineering Transfer - Civil

Associate in Science

Semester 1		Credits
ENGT 140	Intro to Engineering 	4 <input type="checkbox"/>
CHEM 151	General Chemistry I	4 <input type="checkbox"/>
ENGL 101	English Composition I	3 <input type="checkbox"/>
MATH 221	Calculus I	4 <input type="checkbox"/>
HU ---	Humanities Elective	3 <input type="checkbox"/>

18

Semester 2		Credits
ENGL 102	English Composition II	3 <input type="checkbox"/>
MATH 222	Calculus II	4 <input type="checkbox"/>
PHYS 161	General Physics I	4 <input type="checkbox"/>
CHEM 152	General Chemistry II	4 <input type="checkbox"/>
SS ---	Social Science Elective	3 <input type="checkbox"/>

18

Semester 3		Credits
ENGT 273	Statics 	3 <input type="checkbox"/>
MATH 223	Calculus III	4 <input type="checkbox"/>
PHYS 162	General Physics II	4 <input type="checkbox"/>
LS ---	Lab Science Elective	4 <input type="checkbox"/>
SS ---	Social Science Elective	3 <input type="checkbox"/>

18

Semester 4		Credits
ENGT 274	Dynamics	3 <input type="checkbox"/>
ENGT 275	Strength of Materials 	4 <input type="checkbox"/>
MATH 230	Differential Equations 	4 <input type="checkbox"/>
HU ---	Humanities Elective	3 <input type="checkbox"/>
	General Elective	3 <input type="checkbox"/>

17

This academic map is a suggested semester-by-semester guide to keep you on a clear path to program completion. Your academic advisor will provide you with clear direction needed to stay on course and discuss scheduling options with you. Taking courses not reflected on this map may result in courses not counting toward the completion of your requirements.

Please note that program-specific courses are only offered on the Canton Campus.

About Developmental Courses

Developmental courses do not satisfy graduation requirements, but are required for those who place into them and will appear on a student's transcript. Placement into one of the following courses indicates that a student needs additional preparation before enrolling in college-level courses:

ENGL 091	Preparing for College Reading I
ENGL 092	Preparing for College Reading II
ENGL 095	Reading and Writing Seminar
ENGL 099	Introductory Writing
MATH 001-003	Preparing for College Math I-III
MATH 010	Fundamentals of Mathematics
MATH 011	Introductory Algebra
MATH 012	Intermediate Algebra
MATH 060	Math Literacy
MATH 061	Non-algebra Support
MATH 065	Integrated Preparation for College Algebra

KEY

Keep an eye out for these symbols, which give important information about certain courses.

These courses have no prerequisites or developmental courses required.

These courses are only offered in certain semesters.

Students must earn a minimum grade in these courses to remain in the program.

Eligible electives for this program are listed on the reverse. Watch for this symbol.

HELPFUL HINTS

Summer and/or Winter Session classes may be available for your program to help you finish on time. See your advisor or visit the online course search for availability.

Taking 15 credits/semester or 30 credits/year will help you stay on track to finish your degree in two years.

CONGRATULATIONS
You've Arrived!

This curriculum is for students who want to transfer into a 4-year institution to complete their bachelors of science in civil engineering degree.

Students in this program are strongly encouraged to work closely with an engineering staff member and meet with them to determine courses for future semesters. Transfer requirements are different from one 4-year institution to the next and we want to make sure that students take the courses that will provide a smooth transfer into a 4 year engineering program.

Elective Advising for Transfer

General Electives: Students are advised to take ECON 201, Principles of Economics I as a social science elective.

Students transferring to UMass Lowell are advised to take MATH 158, Intro to Statistics, for their general elective. All other students may take MATH ENGT 107, Computer-Aided Drafting.

Other Electives: Students choosing a humanities, lab science, liberal arts, modern language, or science elective can select from the Course Elective Guide at massasoit.edu/electives. It is strongly suggested that students choosing these courses work with engineering faculty to ensure the elective they plan to take will be accepted when they transfer.

For more information about transfer opportunities, program pathways, course equivalencies, and upcoming transfer events, please visit massasoit.edu/transfer.

Some courses may have prerequisites, which are courses that **must** be taken prior to a particular course. For details, log into DegreeWorks through your MyMassasoit portal.

A minimum of 71 credits and 20 courses is required for completion. The same course may not be used to satisfy two different course requirements.

After Graduation/Completion

Consider joining and/or visiting sites of professional organizations such as:

- American Society of Civil Engineers (ASCE)** www.asce.org
- Earthquake Engineers Research Institute (EERI)** www.eeri.org
- United States Society of Dams (USSD)** www.ussdams.org
- American Concrete Institute (ACI)** www.concrete.org
- American Society for Engineering Education (ASEE)** www.asee.org
- ASM International** www.asminternational.org

Consider attending conferences in the area to learn more about product design and what different opportunities exist. Pursue research, mentorship, and projects at your 4-year school. An articulation agreement with UMass Dartmouth exists for Civil Engineering at Massasoit Community College.
