

Java Programming

College-approved Certificate

Semester 1		Credits
CTIM 157	Introduction to Java	3 <input type="checkbox"/>
CTIM 168	Advanced Java	3 <input type="checkbox"/>
CTIM 281	Intro to Software Design & Development 	3 <input type="checkbox"/>

CONGRATULATIONS
You've Arrived!

9

This academic map is a suggested semester-by-semester guide to keep you on a clear path to program completion. Your academic advisor will provide you with clear direction needed to stay on course and discuss scheduling options with you. Taking courses not reflected on this map may result in courses not counting toward the completion of your requirements.

About Developmental Courses

Developmental courses do not satisfy graduation requirements, but are required for those who place into them and will appear on a student's transcript. Placement into one of the following courses indicates that a student needs additional preparation before enrolling in college-level courses:

ENGL 091	Preparing for College Reading I
ENGL 092	Preparing for College Reading II
ENGL 095	Reading and Writing Seminar
ENGL 099	Introductory Writing
MATH 001-003	Preparing for College Math I-III
MATH 010	Fundamentals of Mathematics
MATH 011	Introductory Algebra
MATH 012	Intermediate Algebra
MATH 060	Math Literacy
MATH 061	Non-algebra Support
MATH 065	Integrated Preparation for College Algebra

KEY

Keep an eye out for these symbols, which give important information about certain courses.

These courses have no prerequisites or developmental courses required.

These courses are only offered in certain semesters.

Students must earn a minimum grade in these courses to remain in the program.

Eligible electives for this program are listed on the reverse. Watch for this symbol.

HELPFUL HINTS

Summer and/or Winter Session classes may be available for your program to help you finish on time. See your advisor or visit the online course search for availability.

Taking 15 credits/semester or 30 credits/year will help you stay on track to finish your degree in two years.

Program Notes

This certificate fits into the AAS degree in Computer Information Systems – Programming and the Object-oriented Programming certificate.

All courses within this certificate are required within the CIS Programming Option Degree.

Some courses may have prerequisites, which are courses that **must** be taken prior to a particular course. For details, log into DegreeWorks through your MyMassasoit portal.

A minimum of 9 credits and 3 courses is required for completion. The same course may not be used to satisfy two different course requirements.

After Graduation/Completion

Upon successful completion of this certificate, you will be able to construct programs in the JAVA programming language. You will be able to build on the constructs of sequence, selection, and repetition to develop programs using objects, methods, data abstraction, inheritance, and polymorphism.

Consider joining and/or visiting sites of professional organization such as:

Association for Computing Machinery: www.acm.org

Association for Women in Computing: www.awc-hq.org

Consortium for Computing Sciences in Colleges Northeast: www.ccsne.org

Visit www.careergps.mass.edu for more information about employment opportunities in your field of study.
