Clery Overview

The law is named for Jeanne Clery, a 19-year-old Lehigh University freshman who was raped and murdered in her campus residence hall in 1986. The backlash against unreported crimes on numerous campuses across the country led to the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act. The Clery Act, signed in 1990, was originally known as the Crime Awareness and Campus Security Act. The law was amended in 1992 to add a requirement that schools afford the victims of campus sexual assault certain basic rights, and was amended again in 1998 to expand the reporting requirements. The 1998 amendments also formally named the law in memory of Jeanne Clery. Subsequent amendments in 2000 and 2008 added provisions dealing with registered sex offender notification and campus emergency response. The 2008 amendments also added a provision to protect crime victims, "whistleblowers", and others from retaliation.

Clery Act Requirements

What is the Clery Act?

Signed into law in 1990, the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act) is a federal law that requires colleges and universities to disclose certain timely and annual information about campus crime and security policies. All post-secondary public and private institutions participating in federal student aid programs must adhere to these regulations. The Clery Act was championed by Howard & Connie Clery after their daughter Jeanne was murdered at Lehigh University in 1986. To ensure compliance with the Clery Act, Massasoit Community College must meet certain obligations required by federal law. These obligations include: (1) policy disclosure; (2) records collection and retention; and (3) information dissemination.

Policy Disclosure

Massasoit Community College must provide the campus community and the public with accurate statements of current policies and practices regarding procedures for students and others to report criminal actions or other emergencies on campus, security of and access to campus facilities, and campus law enforcement.

Record Collection and Retention

Massasoit Community College is required to keep campus records of crimes reported on campus to campus security authorities, make a reasonable good faith effort to obtain certain crime statistics from appropriate law enforcement agencies to include in the annual security report, and keep a daily crime log open for public inspection.

Information Dissemination

To provide members of the campus community with information needed to make informed personal safety decisions, Massasoit Community College must provide: 1) a "timely warning" of any Clery Act crime that represents an ongoing threat to the safety of students and employees; 2) develop and maintain a log of all crimes reported to the Massasoit Community College Police Department and ensure public access to the crime log during normal business hours and; 3) publish an annual security and fire safety report, make the report available to all current students and employees, and ensure the annual security and fire safety report is made available to prospective students and employees.

Overview of the Massasoit Community College Police Department

Statement Addressing MCCPD Mission, Law Enforcement Authority and Officer Training

Vision

We will continue to define a standard as one of the leaders amongst community college law enforcement agencies by delivering progressive and unique police services designed to protect and serve our campus community.

Mission

The Massasoit Community College Police Department will remain a community driven organization by achieving outstanding public safety through the recognition and appreciation of community diversity and the need for joint cooperation between the College Police Department and the community that we serve. Our values will emphasize commitment to our goals and principled decision-making.

Authority

The Massasoit Community College Police Department proudly serves a community that works and studies on three separate and unique campuses, these campuses include Brockton, Canton, and Middleborough. With 15 sworn and civilian employees, MCCPD ranks as the one of the largest community college police departments in the Commonwealth of Massachusetts. MCCPD officers must be able to obtain and maintain a Massachusetts Peace Officer Standard and Training Commission's law enforcement officer certificate – In addition, all sworn officers are licensed under Massachusetts General Law, Chapter 22C, § 63. Subject to approval by the Chief of Police, Massasoit Police Officers may also receive additional police authority as Plymouth County Deputy Sheriffs under G.L. Chapter 37 § 3. MCCPD remains a very progressive campus law enforcement agency and participates in a multiple campus crime prevention programs, special events both on and off campus, employee safety training, sexual assault defense training, as well as numerous other initiatives that are designed to educate and inform our community of campus safety.

Officer Training

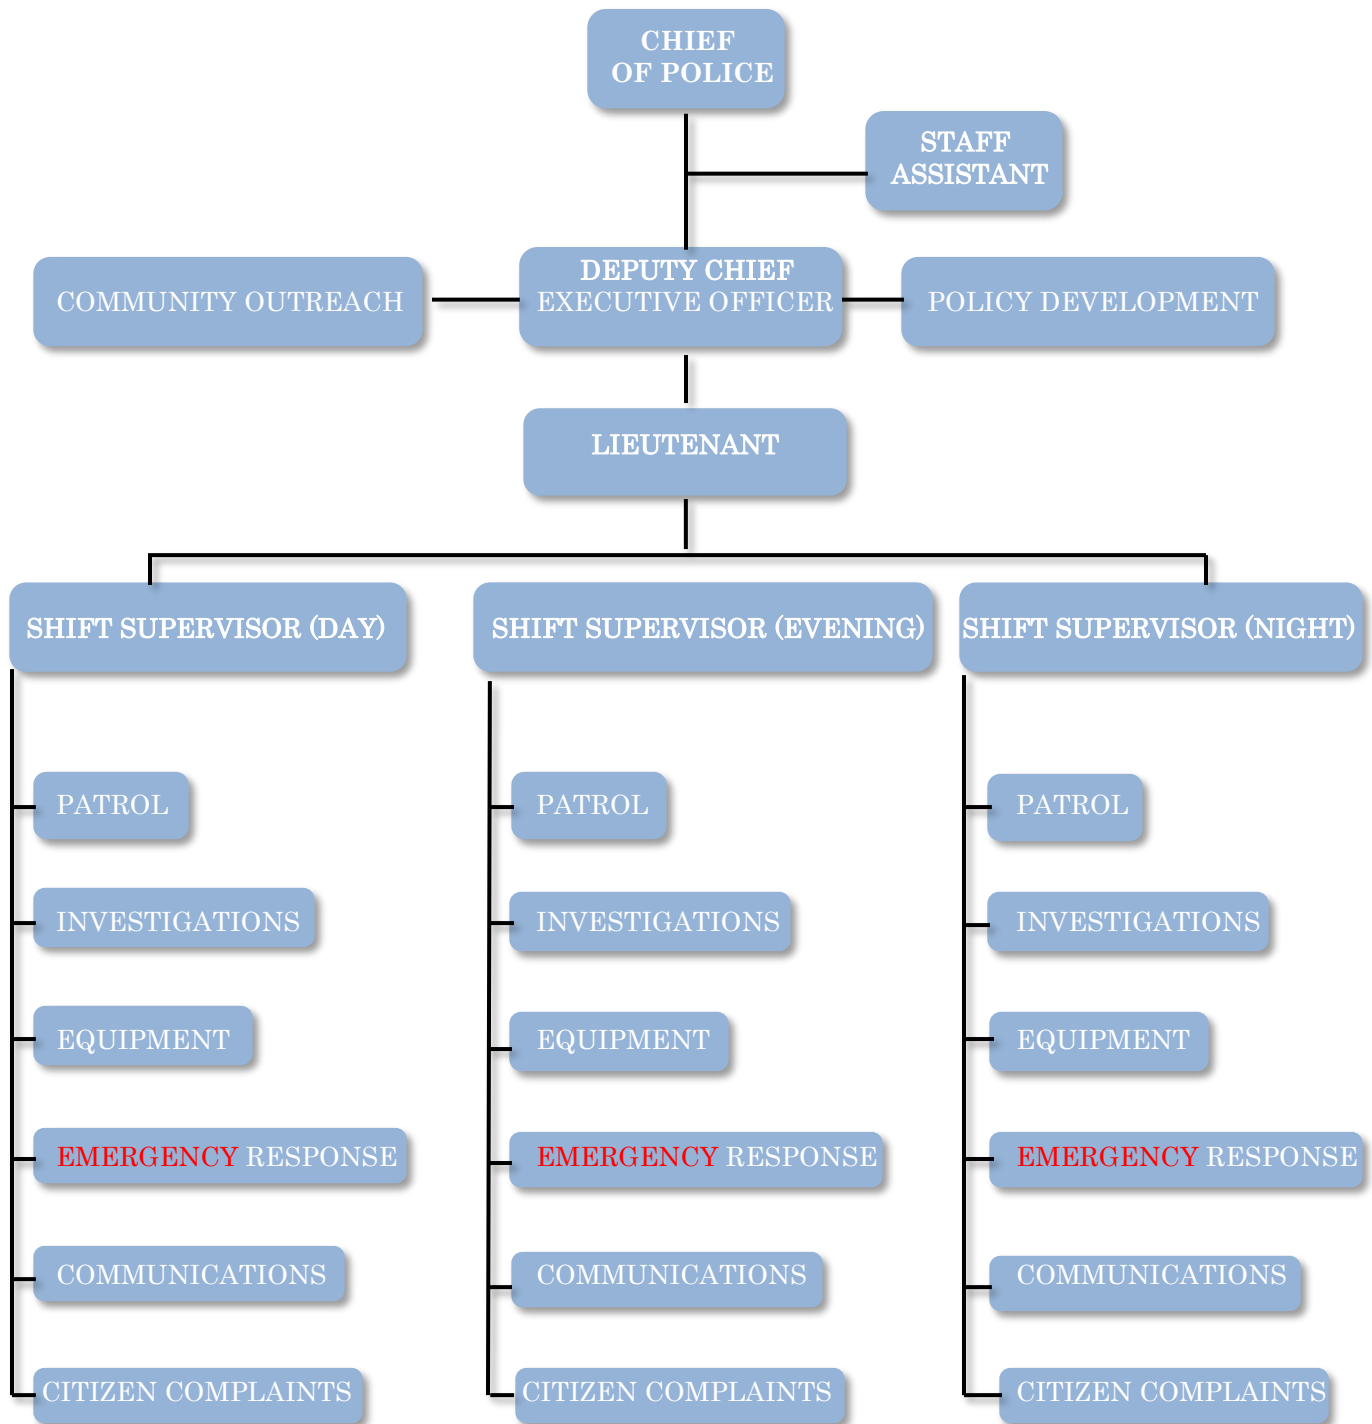

MCCPD officers receive the same level of training as other full-service police officers in Massachusetts. Each sworn officer must be able to obtain and maintain a Massachusetts Peace Officer Standards and Training Commission's law enforcement officer certification and a Massachusetts Special State Police Officer Warrant under Chapter 22c Section 63. All MCCPD officers must also successfully complete an extensive on-the-job field training program under the supervision of certified Field Training Officers. This training lasts approximately three months and provides additional training relating to specific duties at Massasoit Community College. Once officers have successfully completed their initial training and probationary period, they are required to successfully complete annual in-service training curriculums set forth by the Massachusetts Police Training Committee and MCCPD for the duration of their careers.

Station Location (Middleborough Center)

Massasoit Community College does NOT currently have a police station at Massasoit's Middleborough Center. The Massasoit Community College Police Department can be reached by contacting any of the aforementioned telephone numbers.

Organizational Chart

Massasoit Community College Police Department

Statement Addressing Interagency Relationships with Local and State Law Enforcement

MCCPD maintains excellent working and mutual aid relationships with other State and local law enforcement agencies and will coordinate responses to crime when appropriate. MCCPD recognizes the importance of maintaining close and cooperative working relationships with the agencies that surround each of our campuses. MCCPD routinely meets with these departments on a formal and informal basis and on specific issues as needed. MCCPD has direct lines of communication with State and local law enforcement agencies, which allows for efficient coordination when necessary.

MCCPD has police authority within the legal jurisdiction of Massasoit Community College. MCCPD has the authority to provide assistance to other law enforcement agencies as needed and required. Additionally, under Massachusetts G.L. Chapter 37 § 3, MCCPD officers may, through the approval of the Chief of Police also be sworn as Plymouth County Deputy Sheriffs. MCCPD has the authority to request law enforcement personnel from other agencies as needed or required to deal with emergency situations on any of our campuses. MCCPD has mutual aid agreements in place with the Canton Police Department. Currently, MCCPD does not have mutual aid agreements in place with the Brockton Police Department or the Middleborough Police Department.

Statement Addressing How to Report a Crime or Emergency on Campus

In case of an emergency, call 911 from any ON-college telephone to reach MCCPD to report criminal incidents, emergencies on campus, request fire or ambulance services. MCCPD operates its own Dispatch Center 24 hours a day, which monitors emergencies at all of our campus locations. Emergency telephones are located strategically throughout the campus, including in classrooms and offices. All students, faculty, and staff are encouraged to report crimes in progress, suspicious persons, medical emergencies, or concerns about your personal safety. Large “Emergency” signs are installed at each emergency box location. Emergency call box phones will connect you directly with the Police Dispatch Center at MCCPD. All emergency classroom phones are equipped with a red emergency button that states “Emergency” – when activated; the caller will be directly connected to our Police Dispatch Center. A caller may also dial 911 from any classroom/office phone to be connected directly to our Police Dispatch Center.

Motor-Vehicle Crashes/Roadway/Parking Lot Accidents (Middleborough)

In order to prevent motor-vehicle crashes on campus, please be aware of traffic conditions while driving or riding your bicycle on campus. If you have an accident on campus or in one of the campus parking lots, call the Middleborough Police Department at 508.947.1212 or 911.

Police Response

Officers are available at the MCCPD Dispatch Center 24 hours a day to answer your calls. MCCPD policies and procedures require immediate response to all emergency calls. MCCPD works closely with the Brockton Police Department, Canton Police Department, and the Middleboro Police Department, and all other area first responders (police, sheriff, and fire/ambulance) to coordinate effective responses to all on-campus emergency calls. Priority response is given to crimes against persons and incidents involving personal injuries. Upon receipt of non-emergency calls, MCCPD will either dispatch an officer or ask the victim to file an incident report in person at MCCPD police station at the Brockton or Canton Campus Police Station. Currently, the Middleboro Campus does not have a police station and relies on Middleboro first responders to respond and address all on-campus emergencies.

Like other full-service law enforcement agencies, MCCPD provides police patrol, investigations, police records, emergency communications (dispatch) center, property and evidence and event management services. MCCPD maintains excellent working relationships with local, state and federal law enforcement and emergency response agencies. Massasoit Community College Police Officers do provide frequent property checks of the Middleboro Center.

MCCPD incident reports involving students are forwarded to the Office of the Dean of Students for review. The Office of the Dean of Students is vested with the campus authority to sanction students for violations of Massasoit Community College's Student Code of Conduct and other inappropriate behaviors on and off the campus. The Dean of Student may sanction options such as, but not limited to; student suspension and expulsion.

MCCPD incident reports involving employees are forwarded to Massasoit's Human Resource Division for review.

Statement Addressing Anonymous and Voluntary Confidential Reporting

If you are not comfortable identifying yourself, MCCPD offers anonymous reporting on its website via our Anonymous Tip Line at 508.427-1210. Tips are reviewed by MCCPD Command Staff and, if appropriate, investigated by police personnel. The anonymous reporting form is available here: [tip line form](#). Depending upon the circumstances of the crime you are reporting, you may be able to file a report while maintaining your confidentiality. The purpose of a confidential report is to comply with your wish to keep your personally identifying information confidential, while taking steps to ensure your safety and the safety of others. The confidential reports allow the College to compile accurate records on the number and types of incidents occurring on campus. Reports filed in this manner are counted and disclosed in the Annual Security Report. In limited circumstances, MCCPD may not be able to assure confidentiality and will inform you in those cases.

Statement Encouraging Accurate and Prompt Crime Reporting

Community members, students, faculty, staff and guests are encouraged to report all crimes and public safety related incidents to MCCPD in a **timely** and **accurate** manner. Crimes should be reported to MCCPD for inclusion within the annual crime statistics (if they occurred within Massasoit Community College's defined Clery boundaries at all of its locations) and may be used to aid in the provision of timely warnings or safety advisories to the Massasoit Community. All crimes reported to MCCPD that fall outside the department's jurisdiction will be referred to the appropriate law enforcement agency with jurisdictional authority. In addition to reporting the crime, MCCPD will help connect the reporting party to the appropriate law enforcement agency.

Statement Addressing Campus Security Authorities

Occasionally, victims of crime wish to report the crime, but do not want to give their names and/or do not want to pursue action through the criminal justice or the area's judicial systems. Campus Security Authorities (CSA) who receive confidential reports of crime are required to report these crimes to MCCPD for inclusion into the annual disclosure of crime statistics or for the purpose of a timely warning. If crimes are never reported, very little can be done to help others from also being victims. Massasoit Community College will be much safer when all community members participate in the campus's safety and security initiatives. Anyone may call MCCPD at 508.427-1210 to report concerning information while remaining anonymous. Campus Safety Authorities are defined as follows:

While Massasoit Community College prefers that community members immediately report all crimes and other emergencies directly to MCCPD at 508-427.1296 or 911, we also recognize that some may prefer to report to other individuals or College offices. The Clery Act recognizes certain College officials and offices as "Campus Security Authorities". The act defines these individuals as "officials of an institution who has significant responsibility for student and campus activities, including, but not limited to, student housing, student discipline, and campus judicial proceedings. An official is defined as any person who has the authority and the duty to take action or respond to a particular issue on behalf of the institution. Furthermore; The regulations that govern the Clery Act (34 CFR 668.46) define a CSA as:

- A campus police department or a campus security department of an institution.
- Any individual or individuals who have responsibility for campus security but who do not constitute a campus police department or a campus security department...such as an individual who is responsible for monitoring entrance into institutional property.
- Any individual or organization specified in an institution's statement of campus security policy as an individual or organization to which students and employees should report criminal offenses.
- An official of an institution who has significant responsibility for student and campus activities, including, but not limited to, student housing, student discipline, and campus judicial proceedings.

Pastoral and professional counselors are not considered a campus security authority when acting in their roles as a pastoral or professional counselor. As a matter of policy, the College encourages professional counselors to notify those whom they are counseling of the voluntary, confidential report options available to them.

While Massasoit Community College has identified a number of CSAs, we officially designate the following offices as places where campus community members should report crimes:

College Police Department
 Human Resources
 Office of Diversity & Inclusion and Title IX
 Counseling Support
 Dean of Students
 Women's Resource Center
 Director of Student Life
 Director of Athletics

Crime Alerts (Timely Warnings)

Statement Addressing the Issuance of Timely Warnings

MCCPD is responsible for developing and disseminating Timely Warning notices to members of the Massasoit community. The Chief of Police or his/her designee, the President of the College, as well as other designated officials can or will determine if a Timely Warning should be issued. The decision will be made on a case-by-case basis, including a variety of factors. These factors include:

- Whether the incident poses a **serious or continuing threat** to the Massasoit community, as determined at Massasoit's sole discretion;
- If the **suspect has been apprehended**;
- **Timeliness** of the reported crime to MCCPD; and,
- Whether a **pattern of crimes** exist that places Massasoit Community College students, faculty, staff, or visitors at risk of becoming victims of a similar crime.

In general, Timely Warnings will be issued when the following three conditions are met:

1. One of the following **statutorily designated crimes** is reported to MCCPD:
 - **Homicide** – Murder and non-negligent manslaughter
 - **Sex Offenses** – Forcible and non-forcible
 - **Robbery** involving force or violence

Aggravated Assault

- The decision to release a Timely Warning for an Aggravated Assault depends on the facts of the case and the information known by MCCPD. For example, if an assault occurs between two students who have a disagreement, there may be no continuing threat to other Massasoit community members. As such, a Timely Warning would not be distributed.

Burglary and/or Motor Vehicle Theft

- In general, Timely Warnings will not typically be issued for single incidents. A Timely Warning may be distributed if a series of incidents poses a continuing threat to the Massasoit community.
- Major incidents of **Arson**
- **Hate Crimes** involving bodily injury
- **Domestic Violence, Dating Violence, or Stalking**

Timely Warnings will only be issued when there is a serious or continuing threat to the Massasoit community at-large.

2. The reported crime occurred at a **Clery-reportable location**, which is defined as:
 - a. on campus;
 - b. on public property within or immediately adjacent to the campus boundaries; or,
 - c. in buildings or on property beyond the core campus, but designated as a non-campus location. Non-campus locations are owned or operated/controlled by Massasoit Community College, used for educational purposes and frequently used by students, faculty, staff, or visitors
3. The reported crime presents a serious or **continuing threat** to Massasoit students, faculty, staff or visitors.

MCCPD personnel will work with the College's Department of Public Relations and the College's Legal Counsel in the development and dissemination of the Timely Warning. Timely Warnings will generally be disseminated via multiple communications methods to alert all members of the college community in the event of an emergency. The College's Alert System can broadcast messages to multiple mobile phones and landlines, via text message, College email, through RSS feed, Facebook, Twitter, and the webpage.

Emergency Response, Notifications and Evacuation Procedures

When an emergency occurs on campus, Massasoit Community College strives to provide students, faculty and staff with the critical information needed to protect themselves. To be able to provide this information to our Massasoit community, students, faculty, and staff must update and maintain up to date information within the College's official alert system by using the below link:

www.getrave.com/login/massasoit

You should enter your preferred phone number(s), email address(es), and other optional notification information such as your mobile and text messaging information.

NOTE: None of the information that you supply will be used for data collection within the College or shared with anyone outside the College.

This is an important part of protecting and informing everyone in the Massasoit community of events and circumstances that may affect their safety and wellbeing, as well as keeping you informed of important events at the College such as school closings.

Everything about this system is optional, however the more contact information you are willing to share, the better the system will work for you.

Statement Addressing Emergency Response and Evacuation Procedures

Policy Statement

This policy establishes the emergency response and evacuation procedures for Massasoit Community College. This policy has been established to ensure the safety and welfare of Massasoit Community College students and employees to the greatest extent possible. This policy is aligned with and in compliance with the Higher Education Opportunity Act, which requires all Title IV institutions, without exception, to have and disclose emergency response procedures in response to a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurring on the campus.

Scope

The requirements set forth in this policy are only applicable to emergency or dangerous situations occurring on campus. The institution may issue emergency notifications about emergency or dangerous situations that occur in the broader community if institutional officials determine that such notifications provide helpful or relevant information to the campus population.

Situation

Massasoit Community College will, upon confirmation of an ongoing significant emergency or dangerous situation that poses an imminent threat to the safety of campus community members, immediately issue emergency notifications to the campus community. While it is impossible to predict every significant emergency or dangerous situation that may occur on campus, the following situations are examples that may warrant an emergency notification after confirmation.

- a) Armed/hostile intruder
- b) Bomb/explosives (threat)
- c) Communicable disease outbreak
- d) Severe weather
- e) Terrorist incident
- f) Civil unrest
- g) Natural disaster
- h) Hazardous materials incident
- i) Structure fires

Massasoit Community College officials shall use their best, reasonable judgment in all other situations to determine whether an emergency notification is warranted.

Situations that may create business, academic or research interruptions, but do not pose a health or safety risk, do not necessitate an emergency notification. College Communications will facilitate notifications about such situations with coordination of involved departments as appropriate. Examples of such situations include:

- a) Snow closures
- b) Temporary building closures
- c) Power outages

Massasoit Community College will, upon confirmation of an ongoing significant emergency or dangerous situation that poses an imminent threat to the safety of campus community members, immediately issue emergency notifications to the campus community, unless the notification will, or is likely to:

- a) Compromise the efforts of first responders
- b) Compromise efforts to assist the victim
- c) Compromise efforts to contain the emergency

Assumptions

This policy was established with the following assumptions:

- a) Utilization of multiple notification methods are needed, as no single notification method will reach everyone, everywhere, every time.
- b) 100 percent delivery of notification to each member of the campus population cannot be guaranteed.
- c) Other information sources outside the institution's control may generate erroneous or conflicting information (i.e. unaffiliated social media sites, word of mouth).
- d) Regular testing of emergency notification systems is required to ensure proper functionality and operator skill.
- e) Notification systems must account for communication impairments.
- f) Several notifications are considered passive notifications requiring an action by recipients. Some recipients will not take this action and, therefore, not all recipients will receive notifications during the desired timeframe.
- g) There is no mechanism to ensure that campus members that have registered for the MCC's Alert system have updated contact information
- h) Several notification methods rely on the functionality of third party vendors that are outside of the institution's control (i.e. cell phone service providers, electricity).

Confirmation of an Emergency or Dangerous Situation

Reports of emergency or dangerous situations can originate from various sources including:

- Reports from first responders
- Reports from established warning points
- Reports from other campus departments
- Reports from citizens through 911

For all of the processes listed below, MCCPD, Emergency Management and/or College Communications will confirm if there is a significant emergency or dangerous situation on campus.

Confirmation of these situations will occur through several different processes:

(1) Criminal Nature

Emergency or dangerous situations that are criminal in nature will be considered confirmed if a law enforcement officer observes the situation as it is occurring. For situations that are criminal in nature that are not apparent or not directly observed by law enforcement, MCCPD command-level staff will make confirmation. Command-level personnel will review the readily available information and determine if there is enough information to reasonably conclude a significant emergency or dangerous situation is occurring on campus. Command-level personnel may consult with additional departments and policy-level personnel as required, without jeopardizing life safety.

(2) Other Emergency or Dangerous Situations

Confirmation of non-criminal situations will be determined after campus emergency management, law enforcement or policy-level personnel review readily available information.

(3) Established Warning Points

Established warning points are considered entities with subject matter expertise on particular hazards that may affect campus. When a warning is issued by one of these entities, it is considered confirmed, however, additional consultation with campus officials will occur as practical without jeopardizing life safety.

Population Notified/Segmented Notification

In the situations when a single facility/area is involved, facility alarms, public address systems, phone trees, and other available technologies may be utilized to provide warning. Campus personnel may also provide warning if needed and feasible. Should a segmented emergency notification be issued, on-going assessments of the situation will occur and a campus-wide notification will be sent as necessary. MCCPD will determine the appropriate segment or segments of the campus community to receive a notification. For example, specific buildings, portions of the campus, certain campus locations, etc.

Emergency Notification Content

The content of an emergency notification will depend on the situation and the notification method. However, the following information will be included in all initial emergency notifications regardless of the situation or method:

- A description of the situation (i.e., flash flood warning, dangerous situation)
- Relevant safety instructions (i.e., move to higher ground, shelter in place)
- Armed intruder – safety instructions (i.e. shelter in place, evacuate)

A third element of where to get additional information will be included in the initial notification if feasible. Because of text character limits or the immediate availability of information, the third element of where to get information may not always be included in the initial emergency notification. Typically, more information will be provided on the Massasoit Community College website at www.massasoit.mass.edu

Pre-scripted Emergency Notifications

To the greatest extent possible, the institution will develop and utilize pre-scripted emergency notifications that have been collaboratively developed and agreed upon by MCCPD, campus Emergency Management, College Department of Public Relations, and appropriate policy-level personnel. The development of pre-scripted notifications facilitates faster dissemination.

During situations for which a pre-scripted notification has not been developed, or when the responsible official determines different content is needed, the guidelines listed above will be followed to craft these notifications by the aforementioned Timely Warning Officials.

Additional Content Considerations

As feasible, after the situation description, relevant instructions, and additional information sources are provided, the following content should be considered for inclusion:

- Campus operating status (open, closed, etc.)
- Information update frequencies
- Additional instructions that are not specific to life safety

Follow Up/Update Information

As deemed appropriate by the responsible institution official, follow-up/update messages deemed necessary during an emergency may be distributed to the campus community and an “all clear” notification may be distributed at the conclusion of a significant emergency or dangerous situation. Any follow-up notifications and the “all clear” message will be sent using some or all of the same communication methods used to send the original emergency notification. These follow up notifications should include campus operating status, if relevant.

Concept of Operations

The primary method of issuing an emergency notification is the MCC's Alert system (RAVE). The MCC Alert system is capable of sending text messages, voice messages and emails to registered users. Registered users are responsible for maintaining correct contact information and for regularly checking registered devices and accounts. This is the primary alerting tool for campus-wide emergency notifications as it utilizes both "active" and "passive" alerting functions. The campus recognizes the need for public safety partners in the broader community to have situational awareness of emergencies that occur on campus and, as such, select members of the broader public safety community are eligible to be registered to receive campus-wide alerts (surrounding schools, institutions).

MCC Alert notifications may be used in conjunction with other campus warning systems such as the Massasoit Community College home page, www.massasoit.mass.edu, Massasoit Portal, and campus social media sites. Other warning systems that will be used as appropriate include local television and radio news stations.

The website will be the primary point of information dissemination for the broader community, including parents, neighbors and other members of the larger community.

Initiation of Notification

Upon confirmation of a significant emergency or dangerous situation, the following process to initiate an emergency notification will be used:

(a) Decision Criteria for Emergency Notifications

1. Life Safety Considerations

- What is the potential for injury or death?
- What is the potential for damage?
- What is the potential for interruptions to critical services?

2. Situation

- What is the impact to the campus?
- Is the situation stable, what is the potential for the situation to worsen?
- What is the urgency of the situation?

3. Audience

- Who needs to receive the notification?

4. Limitations

- Are there any known limitations of the notification systems?

(b) Initial Emergency Notification Responsibilities

Massasoit Community College Police Department (MCCPD)

- MCCPD is responsible for initiating emergency notifications regarding criminal incidents that warrant an emergency notification rather than a timely warning notice because there is an immediate threat to the health and safety of the community, such as an active shooter on campus.
- MCCPD personnel are responsible for sending MCC Alerts
- MCCPD Command Staff or their designees are responsible for contacting Massasoit Communications to initiate additional notification methods (MCC website, Emergency notification methods)

Emergency Response Organization

The campus maintains an Emergency Operations Plan that outlines responsibilities of campus departments during emergencies. This plan outlines incident priorities, campus organization and specific responsibilities of particular departments or positions.

Massasoit departments are responsible for developing emergency response and continuity of operations plans for their areas and staff. Campus Emergency Management provides resources and guidance for the development of these plans, specifically Crisis Teams.

Emergency Response Education

Information about emergency response procedures are provided at the beginning of each semester and are re-emphasized throughout the year on a campus-wide basis through MCCPD emails, College emergency posters, and information sessions. Information on how to receive emergency notifications is also located in the campus disclosure policy, which is provided electronically to the entire campus community on an annual basis.

Every campus building is equipped with an emergency evacuation sign that illustrates the emergency evacuation route.

Emergency Evacuation Procedures

At the sound of a fire alarm or if you are instructed to evacuate, leave your work area immediately, proceed to the nearest exit and leave the building. If you are the first to recognize a fire situation, activate the alarm, evacuate to a safe location using the nearest exit and dial the **Middleborough Fire Department at 911**. Other tips for response in a fire situation include:

- Remain calm.
- Do not use elevators; use the stairs.
- If you are unable to self-evacuate without the use of elevators, proceed to the “temporary gathering place” as identified on the building emergency evacuation plans posted in all buildings; often, this is near or in a stairwell. If you are part of a personal support network for someone who is unable to self-evacuate, evacuate the building and immediately inform Middleboro Police or the Middleboro Fire Department of the individual’s location.
- Proceed to a clear area at least **150** feet from the building.
- Keep all walkways clear for emergency vehicles.
- Make sure all personnel are out of the building.
- Do not re-enter the building until told to do so.

Statement Addressing Testing Emergency Response

In compliance with federal law, the MCC Alert system and MCC webpage are tested at least once a year. During these scheduled (announced) test periods, campus community members are encouraged to register for MCC Alerts and to become familiar with the location of emergency information. Testing of the emergency response system is typically announced through internal campus e-mails and social media. In addition to the emergency notification system test, the campus conducts tabletop exercises and participates in drills and exercises with community partners when possible.

Emergency Shelter In-Place Procedures

During times of a campus wide emergency, the College Police Department or the Middleboro Police Department may order a Shelter in Place warning. It is extremely important for our Community to understand what this order means and how to apply it. Below you will find the definition of Shelter in Place

Shelter in place (or place of refuge) refers to a designated area of safety, such as an interior room with no or few windows, and taking refuge in that location. If you are told to shelter in place, follow the instructions provided.

Different situations require different locations.

You may be required to shelter in place for events such as an active shooter, tornado warning, hazardous material incident, or when directed by police personnel.

When ordered, you must immediately seek shelter in the nearest facility, classroom, office, or building (preferably in a room with no windows).

Shelter in Place Warnings will be issued by:

1. **The College Police Department, Middleborough Police Department or the Middleborough Fire Department;**
2. **Massasoit Community College's Emergency Warning Notification System – RAVE, Emergency Classroom Phones, as well as verbal instruction by emergency personnel.**

We strongly encourage that you have a cell phone, hard-wired telephone, or computer system in the shelter location to assist in obtaining additional information as well as being able to report any life-threatening conditions.

When safe to do so, the College Police Department will notify our community of the “All Clear” using the aforementioned notification methods.

Please feel free to contact the College Police Department if you have any questions pertaining to Shelter in Place procedures or any other College emergency procedures.

Crime Statistics

Statement Addressing Preparation of Disclosure of Annual Crime Statistics

Campus crime, arrest and referral statistics include those reported to MCCPD, the Office of Dean of Students and other Campus Security Authorities as defined by the Clery Act. Crime statistics are gathered for buildings and property within the core campus that are owned or operated by Massasoit Community College and used for educational and institutional purposes. Other geography included for crime statistics purposes includes areas on public property within or immediately adjacent to the campus boundaries, and in buildings outside the core campus and designated as “non-campus” locations that are owned or operated by Massasoit Community College, used for educational purposes and frequently used by students. Annual Statistics are gathered by the Massasoit Community College Police Department once a year from outside police agencies that fall within the geographical area defined by the Clery Act.

By October 1st of each year, an e-mail notification is made to all enrolled students, faculty and staff that provides the website address for accessing crime statistics and information regarding how interested persons can request a printed copy. Massasoit Community College most current Annual Security and Fire Safety Report is posted at <https://massasoit.edu/police/crime-statistics/>. Additionally, information about the Annual Security and Fire Safety Report is made available to all applicants who apply for a position at Massasoit Community College through the Colleges Human Resources Department.

The daily MCCPD's Crime Log entry includes all crimes reported to the campus police that occur within MCCPD jurisdiction. The log records the nature, date and time reported, date and time occurred, general location, and disposition of each offense.

Specific Information about Classifying Crime Statistics

The preceding statistics are published in accordance with the standards and guidelines used by the Federal Bureau of Investigation Uniform Crime Reporting Handbook and the Clery Act.

The number of victims involved in a particular incident is indicated for the following crime classifications: Murder/Non-Negligent Manslaughter, Negligent Manslaughter, Forcible and Non-Forcible Sex Offenses, Aggravated Assault. For example; if an aggravated assault occurs on campus and there are three different victims, then this would be counted as three aggravated assaults in the crime statistics chart.

The number of incidents involving a particular offense is indicated for the following crime categories: Robbery, Burglary, Larceny, and Arson.

In cases of motor-vehicle theft, each vehicle stolen is counted.

In cases involving liquor violations, drug violations, and illegal weapons violations, each person who was arrested is indicated in the arrest statistics.

Hate Crime statistics are separated by their category of prejudice. Statistics for Hate Crimes are counted in each specific Clery reportable crime category; therefore, they are part of the overall statistics reported for each year. The only exception to this is the addition of a bias motivated simple assault resulting in bodily injury; the law requires that this statistic be reported as a hate crime even though there is no requirement to report the crime in any other area of the compliance document.

Definition of Sex Offenses according to the National Incident Based Reporting System addition of the Uniform Crime Program:

Crime Statistics Tables

Preparation of Crime Statistics

Crime statistics are gathered and formulated through the Office of the Chief of Police at Massasoit Community College. In compiling annual statistics, the Chief and designated Department Clery coordinators will gather and review all statistics. Statistical information, including anonymous reports are requested from college counseling staff and designated Campus Security Authorities (*See Statement Regarding Campus Safety Authorities pg. 11*)

In addition to collecting crime *reports* from campus security authorities, Clery requires that every institution, including Massasoit Community College to make a "reasonable, good-faith effort" to obtain Clery crime *statistics* from local law enforcement agencies that have jurisdiction over the school's Clery geography. Local law enforcement agencies do not include the institution's police or security department – these are Campus Security Authorities. Local law enforcement refers to outside law enforcement agencies or departments with jurisdiction over some or all of the institution's Clery geography. Massasoit Community College collects geographical statistics from the Brockton Police Department, Canton Police Department, Middleboro Police Department, Bridgewater Police Department, Stoughton Police Department, Plymouth Police Department, and Marshfield Police Department once a year for the previous year to be disclosed in its Annual Security Report on or before October 1st **each year.**

Effective 2014 - The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act) requires the reporting of unfounded crimes effective with the 2014 crime statistics data. **Note Unfounded Crimes are not included on years previous to 2014.**

CRIME STATISTICS: CLERY DATA - The following annual security report provides crime statistics for selected crimes that have been reported to local police agencies or to campus security authorities. The statistics reported here generally reflect the number of criminal incidents reported to the various authorities. The statistics reported for the sub-categories on liquor laws, drug laws, and weapons offenses represented the number of people arrested or referred to campus judicial authorities for respective violations, not the number of offenses documented. This report complies with 20 U.S. Code Section 1092 (f). *The College is a non-residential institution.

Security Awareness, Crime Prevention and Education

Statement Addressing Security Awareness Programs for Students and Employees

MCCPD provides a number of services and programs to the campus community to ensure the safety and security of our campus affiliates. Our police department strives to emphasize **proactive** measures in order to minimize the need for **reactive** responses. We must all take responsibility for our own safety and the safety of others. Promptly and accurately reporting any and all criminal acts, dangerous situations and suspicious behaviors greatly assists in the provision of a safe campus community at all of our locations.

The following are descriptions of MCCPD security awareness programs provided to MCC on a frequent basis:

Active Shooter Response Training: In-person training offered to employees and campus departments (by request) on actions you should take if you encounter an active shooter.

Clery Act Campus Security Authority Training: In-person and online training provided to all Campus Security Authorities regarding responsibilities under the Clery Act and mechanisms in place to report Clery-related offenses. This training is provided in compliance with the mandatory training provisions of the Clery Act.

Rape Aggression Defense Training: The R.A.D. System of women's self-defense balances the need of women to acquire self-defense education in a relatively short period of time by providing short term training opportunities in a progressive building block format. .

Resisting Aggression With Defense: The R.A.D. For Men program balances the need for men to acquire self-defense education in a relatively short period of time by providing short term training opportunities in a progressive building block format.

Alcohol Awareness Program: This session educates students on responsible drinking, alcohol and the body, OUI, and underage drinking. Demonstrations, along with brochures on alcohol and how it affects the body are distributed. Also, a drinking demonstration using simulation goggles is conducted to show how a person reacts to alcohol; and standardized field sobriety tests are conducted by a Massasoit Community College Police Officer.

Personal Safety Program: This program educates students and staff on the different forms of personal safety available to them. This program gives the pros and cons of several personal safety tips.

Drug Awareness Program: This program educates students on how drugs affect the human body. Information distributed on this subject and drug identification is explained so students know what to look for while out on the town and what to look for if they suspect that other students are involved with drugs. Also, locations of agencies are provided for people fighting drug abuse.

Domestic Violence/Date Rape/Stalking Program: This program educates students, faculty, and staff on the signs of Domestic Violence, Date Rape, and criminal stalking. Information is distributed to people to inform them of available resources and how to combat and respond to these problems.

Nasal Naloxone: Participants receive training and certification by trained College Police personnel on how to administer Narcan - a medication used to reverse opioid overdoses. All College Police personnel are certified to administer NARCAN

Haven is a digital learning course that uses a population level approach to educate all students on the issues associated with sexual assault and relationship violence, taking into account their unique perspectives and experiences by providing key definitions and statistics, reflective and personalized content, bystander skill and confidence building strategies.

Red Cross Safety Training: Massasoit Community College Police Department in conjunction with the American Red Cross provides certification training to provide students, faculty, and staff with the skills they will need to help adults, children, and infants during breathing and cardiac emergencies. Our certified personnel will deliver the most up to date information in accordance with American Red Cross Standards for Pediatric and Adult CPR, AED, and First Aid training.

In addition, throughout the year, College Police personnel routinely present information or facilitate programs for student organizations, and campus departments on a variety of educational strategies and tips on how to protect themselves. Information is also available on a variety of topics through MCCPD's website at: <http://www.massasoit.edu/police/>

Rape Aggression Defense Training

Rape Aggression Defense Systems

The mission of the R.A.D. Systems is to establish an accessible, constantly improving and internationally respected alliance of dedicated Instructors. These Instructors in turn, will provide educational opportunities for women, children, men and seniors to create a safer future for them. In doing this, we challenge society to evolve into an existence where violence is not an acceptable part of daily life.

Why R.A.D.?

R.A.D. is the largest network of its kind with over 11,000 Instructors receiving training in our systems to date. These Instructors teach at various colleges, universities, and municipal law enforcement agencies as well as various other community organizations internationally.

R.A.D. has trained more than 900,000 women since the program began in 1989. The cornerstone of R.A.D. Systems, this course has its foundations in education and awareness. The course includes lecture, discussion and self-defense techniques. It's suitable for women of all ages and abilities. Classes range from a total of 9 to 12 hours over 3 or 4 days, depending on the Instructor(s).

R.A.D. is the only existing program with a free lifetime return and practice policy, honored worldwide.

R.A.D. has developed specialized simulation techniques and equipment for use by certified R.A.D. Instructors.

R.A.D. is the only self-defense program ever endorsed by the International Association of Campus Law Enforcement Administrators (IACLEA), National Academy of Defense Education, the National Self-Defense Institute (NSDI) and Redman Training Gear.

Missing Student Policy

Statement Addressing Missing Student

Policy Statement

The Massasoit Community College Police Department complies with Public Law 108-21, Title II, Section 204, which is also known as "Suzanne's Law." This law states that there shall be no waiting period before a law enforcement agency initiates an investigation of a missing person under the age of 21 and enters the missing person's information into the National Crime Information Center computer network (NCIC) of the U.S. Department of Justice. Previously, police were only mandated to enter missing persons under the age of 18 into NCIC.

Procedures

The Massasoit Community College Police Department will enter missing persons who are under 21 into NCIC. The Massasoit Community College Police Department will then immediately initiate its investigation to find the reported missing person(s); this includes, but is not limited to; talking with friends, calling significant others, checking their classes, etc. The Massasoit Community College Police Department will allocate all available resources to locate the missing person and/or verify his/her safety.

Statement of Policy Regarding Sexual Assault, Domestic Violence, Dating Violence, and Stalking Programs and Procedures

In accordance with federal law, Massasoit Community College does not discriminate on the basis of sex/gender in its educational programs and employment. Sexual assault, dating violence, domestic violence, and stalking are forms of sex/gender discrimination and are violations of criminal law in addition to prohibited offenses by Massasoit Community College.

Statement Policy

Massasoit Community College is committed to providing an atmosphere for learning that is free of any conduct that could be considered harassing, abusive or disorderly. In an effort to assure safety to all members of the college community, the procedures set forth on the following pages have been established. Copies of these procedures are available in the offices of the Advisement and Counseling Center, Women's Resource Center, Dean of Student Services, Office of Diversity & Inclusion/Title IX, Office of Human Resources and the College Police Department.

Sexual assault is a criminal offense and will not be tolerated. Sexual assault includes forcible and non-forcible offenses.

Massasoit Community College is required by the Crime Awareness and Campus Security Act of 1990 and the Higher Education Amendments of 1992 to collect information related to sexual assault on campus. When an allegation of sexual assault is made, the alleged victim is encouraged to pursue criminal prosecution. In addition, appropriate campus disciplinary action may be pursued.

All allegations of sexual assault will be handled confidentially and will be investigated. Both the accuser and the accused will have equal opportunity for a hearing.

Prevention

Massasoit Community College has adopted a pro-active plan with education and awareness programs to prevent these crimes on campus. The prevention of sexual assault depends in part on the awareness of an individual's responsibility for crime prevention and personal safety. Information is provided through programs and education which include:

- Student and employee handbooks
- Seminars, workshops, pamphlets and posters addressing specific issues, such as sexual assault, acquaintance rape, sexual harassment, self-protection for men and women.

It is our concern, when a rape or sexual assault is reported to campus authorities, that the victim's welfare be paramount, and she or he is not victimized again by the system. With this in mind, we have established procedures to follow in the event of a rape or sexual assault on campus.

Procedures

College Police

- College Police will identify a support person for the victim, such as the respondent from the college staff or someone whom the victim chooses and feels comfortable with, to provide support and accompany the victim to the police station, hospital or home.
- In case of medical emergency, College Police will arrange transportation to the hospital emergency room. The support person may accompany the victim. Medical attention should be encouraged even if the victim does not feel it is necessary, for the person may be in shock or otherwise unable to make such a decision which may be important to future legal action. The victim should be informed of the importance of preserving evidence.
- If there is potential for immediate apprehension of the assailant, College Police will take appropriate action.
- The Executive Director of Public Relations will be the spokesperson for all media inquiries.

Faculty and Staff

1. Any faculty or staff member who receives a report of or discovers a possible sexual assault on campus should do the following:

Assure the victim of his or her safety and, in emergency situations, move the victim to a safe, private location

Do not leave the victim alone and, if possible, send someone else to get additional assistance

Immediately report this to the College Police at extension 911 and the Dean of Student Services x1415.

Every effort will be maintained to assure confidentiality in the investigation of the assault.

2. The Office of Student Services, Diversity and Inclusion/Title IX and/or Human Resources shall be responsible for ensuring College policies and procedures are followed and shall also determine appropriate College disciplinary action if the alleged perpetrator is a student. Any student or employee who is a victim will be offered information of law enforcement options, mental health services and options for changing academic and/or living situations if requested and available.

Students

Any student who receives a report of or discovers a possible sexual assault on campus should do the following: Assure the victim of his/her safety and, in emergency situations, move the victim to a safe, private location. Do not leave the victim alone and, if possible, send someone else to get additional assistance immediately notify the College Police at extension 911, a faculty member or a staff member.

The College may initiate College disciplinary action against the student or employee accused of rape/sexual assault, or other sex offenses, forcible or non-forcible. Possible sanctions which may be imposed following the final determination of an on-campus disciplinary procedure regarding such changes include suspension or dismissal.

The Title IX and Compliance Officer or Dean of Student Services shall oversee and implement these decisions for students and ensure the accuser and accused are treated fairly and informed of the outcome of any campus disciplinary proceeding and action.

See Disclosure of Student Disciplinary Records for further information.

CAMPUS SEXUAL ASSAULT VICTIM INFORMATION

1. Who to Contact

In the event that you are the victim of sexual assault on campus, find yourself a place of safety. Once safe, call one or more of the following:

- College Police at extension 911 from any college phone, anytime day or night and weekends.
- If you are off Campus, call (508)-427-1296 or 911
- A friend
- Rape Crisis Hotline (508)-588-8255
- Jordan Hospital (508) 746-2000
- Title IX and Compliance Officer (x1304)

2. The Importance of a Medical Examination

For purposes of ensuring your own physical health, as well as successful apprehension and prosecution of your attacker (if desired/warranted), it is very important that you promptly go or be sent to a nearby hospital emergency room to be examined. As awkward or uncomfortable as it may be, you should not change your clothing or bathe prior to this examination. At this time you may want to be tested and treated for any injuries you have sustained and also be tested for the presence of any sexually transmitted diseases.

Be aware that it is your right to have a trained rape counselor accompany you throughout all or any part of the medical examination. The counselor is there to provide support and answer any questions you have. The information you share privately with the counselor is confidential. Seeing the doctor and having an evidentiary “rape kit” completed does not mean you must prosecute your attacker, but it does significantly increase the potential for success if you choose to do so.

If possible, either bring a change of clothing with you to the hospital or have someone do so for you, as your clothing worn during the assault should be collected by the medical team.

3. Protecting Yourself Following a Sexual Assault

After a sexual assault has occurred, it is extremely important to provide for your personal safety. If you know or fear that your attacker knows your whereabouts, you may want to make temporary arrangements to stay elsewhere. Restraining orders preventing your attacker from contacting you are available through the court system. Although you must request the order (with or without the assistance of an attorney), rape crisis counselors can help you fill out the required paperwork at the police station. Counselors can also refer you to appropriate support agencies and shelters, if desired.

4. Recovery

It is important to remember that sexual assault can happen to anyone. Sexual violence is not the victim's fault. However, victims frequently experience confusing and deeply troubling feelings following an attack. It is important not to hold such feelings in. Talk to a trusted friend or relative and seek appropriate professional counseling. Rape Crisis Centers offer 24 hour hotlines and these conversations are completely confidential. You can talk to the counselors about anything. They are there to listen and to help answer questions about police proceedings, legal issues, medical procedures, counseling options, and many other topics.

REMEMBER, if you have been sexually assaulted, you need to take appropriate steps toward physical and emotional recovery.

Federal and state law requires some faculty and staff positions to report certain criminal activity to law enforcement. Massasoit Community College also strongly encourages all members of its community to report any criminal activity to law enforcement.

Definition of Title IX: On June 23, 1972, the President signed Title IX of the Education Amendments of 1972, 20 U.S.C. §1681 et seq., into law. Title IX is a comprehensive federal law that prohibits discrimination on the basis of sex in any federally funded education program or activity. The principal objective of Title IX is to avoid the use of federal money to support sex discrimination in education programs and to provide individual citizens effective protection against those practices. Title IX applies, with a few specific exceptions, to all aspects of federally funded education programs or activities. In addition to traditional educational institutions such as colleges, universities, and elementary and secondary schools, Title IX also applies to any education or training program operated by a recipient of federal financial assistance. The Department of Education has issued regulations on the requirements of Title IX, 34 C.F.R. § 106.1 et seq. The Title IX common rule published on August 30, 2000 covers education program providers/recipients that are funded by other federal agencies.

Orders of Protection, No Contact Orders, Restraining Orders, or Harassment Orders

Victims, who are interested in obtaining an Order of Protection, or any other order issued by a criminal, civil, or tribal court, must pursue those options on their own behalf. Restraining orders are obtained through your residential police department. More information on obtaining a restraining order in Massachusetts is located at <https://www.mass.gov/topics/abuse-harassment-court-orders>. The Massasoit Community College Police Department can also supply students, faculty, and staff with information regarding the aforementioned orders. Massasoit Community College complies with Massachusetts law in recognizing orders of protection. Any person who obtains an order of protection from Massachusetts or any other state should provide a copy to the Massasoit Community College Police Department as soon as possible.

How Massasoit Community College Will Protect Victim Confidentiality

For students who are victims of crime, the College complies with the provisions of the Family Educational Rights and Privacy Act (FERPA) in regards to record keeping. For faculty and staff members who are victims of crime, the College adheres to the applicable law, including the Massachusetts Open Records Act.

These record-keeping protections are also applicable to any accommodations or protective measures provided to the victim, to the extent that maintaining such confidentiality would not impair the ability of the College to provide the accommodations or protective measures.

Massasoit students may request that directory information be withheld from public release by contacting the Office of the Registrar. The Office of the Registrar can be contacted by telephone at 508.588.9100 x1949.

Massasoit recognizes that employees might have unique circumstances that justify removing an employee's name from campus phone directories (the hard copy and online versions and via the switchboard). However, this need must be balanced against the legitimate business need of the campus to ensure that all employees are accessible to the campus community. As a result, a process has been created to assist employees who have a legitimate need to be removed from these sources for safety purposes (e.g., stalking). For more information, contact the Department of Human Resources at 508.588.9100 Extension 1550.

The **Family Educational Rights and Privacy Act** of 1974 (**FERPA**) affords students certain rights with respect to their education records. They are:

1. The right to inspect and review the student's education records within 45 days of the day the College receives a request for access. A student may submit to the registrar, dean, chair of the academic department, or other appropriate official, written requests that identify the record(s) he or she wishes to inspect. The College official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the College official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

2. The right to request the amendment of the student's education records that the student believes are inaccurate or misleading. A student may ask the College to amend a record that he or she believes is inaccurate or misleading. The student should submit a request in writing to the College official responsible for the record, clearly identifying the part of the record they want changed and specifying why it is inaccurate or misleading. If the College decides not to amend the record as requested by the student, the College will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

3. The right to consent to disclosure of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the College in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the College has contracted (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees; or a student serving on or assisting an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Further, upon request, the College discloses education records without consent to officials of another school in which a student seeks admittance or intends to enroll.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by an institution of higher education to comply with the requirements of FERPA

Such complaints may be filed with the Family Policy Compliance Office at the U.S. Department of Education, 600 Independence Avenue, SW, Washington, DC 20202-4605.

5. The College identifies the following student information as directory information: student name, town of residence, college email address, level of education (first year or second year), enrollment status (full- or part-time), program of study, dates of attendance, degrees, and awards received from Massasoit (e.g. Dean's List, athletic awards, etc.). Directory information may be released by the College to a third party requesting such student information without first obtaining the consent of the eligible student. An eligible student has the right to refuse to permit the College from identifying some or all of those types of information about the student as directory information. An eligible student must notify the College's registrar within two weeks of the beginning of each academic semester if the eligible student does not want any or all of those types of information about a student designated as directory information.

Notwithstanding the College's definition of directory information, the Department of Defense, pursuant to the Omnibus Consolidated Appropriations Act of 1997 (Solomon Amendment), identifies the following information as student recruiting information: student names, addresses, and telephone listings; and if known, students' ages, levels of education, and majors. If an eligible student chooses not to exercise his or her aforementioned right to refuse to permit the College to designate some or all of the student's record information as directory information, the College will release to the Department of Defense, or an agency thereof, that student information which the Department of Defense has designated as student recruiting information. This may result in the nonconsensual disclosure of personally identifiable information. When student information is released pursuant to a Department of Defense request, notice of the request, and the release of student information in accordance therewith, will be posted in a conspicuous location in the College's Registrar's Office for the period of one academic year.

Victim Accommodations

Sometimes experiencing a sexual assault, domestic violence, dating violence, and/or stalking can compromise concentration, ability to focus on school, or feeling able to get to class. The Title IX and Compliance Officer, and/or the Office of the Dean of Students can discuss options for managing academic issues while maintaining privacy, and provide assistance with identifying other options under the policy.

Regardless of whether a victim elects to pursue a criminal complaint with MCCPD or other law enforcement, Massasoit Community College will assist victims of sexual assault, domestic violence, dating violence, and/or stalking by providing assistance and accommodations, and will provide each victim with a written explanation of these options.

For example, if reasonably available, a victim may be offered changes to academic, living, transportation, and working situations, such as alternative transportation options, adjustment to course schedules, or a leave of absence. Massasoit Community College must make these accommodations if the victim requests them and if they are reasonably available, regardless of whether the victim chooses to report the crime to campus police or local law enforcement. Victims should communicate accommodation requests to the Title IX and Compliance Officer.

Massasoit Community College Procedure for Disciplinary Action

Massasoit Community College's disciplinary process provides a prompt, fair, and impartial investigation and resolution process. The proceedings are conducted by officials who receive training on issues related to sexual assault, domestic violence, dating violence, and stalking, and how to conduct an investigation and to ensure a process that protects the safety of victims and promotes accountability.

All investigations and subsequent findings as applicable use the "preponderance of the evidence standard," which means whether it is more likely than not that the conduct occurred.

Massasoit Community College investigators will determine the most appropriate means for addressing the report or complaint, which may include informal and formal options. The accuser ("Complainant") and the accused ("Respondent") are entitled to the same opportunities to have an advisor of their choice present during the disciplinary process. The advisor may be an attorney or any support person. A list of resources for students, faculty, and staff are listed above. The Complainant and Respondent are not permitted to directly question each other and are not required to be present together at any point. The Complainant and the Respondent each have the right to identify witnesses and provide other information relevant to the investigation.

Once a formal investigation is complete, the investigator will issue an investigative report, which is reviewed by a standing review committee. The standing review committee reviews the report to assess the thoroughness and fairness of the investigation and determine if the conclusions reached in the report are reasonable. The review committee may review any information contained in the investigative file, may consult with the investigator, or may recommend that further investigation or a new investigation be done by the same or another investigator. The review committee may not conduct its own investigation. After the standing review committee has approved the investigative report it is considered final. Investigative findings related to sexual assault, dating violence, domestic violence and/or stalking cannot be appealed. Both the Complainant and the Respondent shall be simultaneously informed, in writing, of the outcome of any formal investigation.

Possible Protective Measures or Sanctions

Protective measures for victims may be available and put into place on an interim basis pending the final outcome of disciplinary procedures regarding sexual assault (which includes, but is not limited to, rape), domestic violence, dating violence, or stalking.

In the case of an accused student, the Title IX and Compliance Officer, Dean of Students, Office of Student Conduct, and/or their designees will determine appropriate interim protective measures, which could include, but are not limited to: an order of no contact and/or residence hall relocation.

In the case of an accused employee, the Title IX and Compliance Officer will determine together with the appropriate disciplinary authorities and/or supervisors the appropriate interim measures, which could include, but are not limited to: reassignment to a different position or supervisor, modification of job duties, and/or a temporary leave of absence.

These remedies may be applied to one, both, or multiple parties involved. Violations of these directives and/or protective measures will constitute related violations that may lead to additional disciplinary action.

Protective measures imposed may be temporary pending the results of an investigation or may become permanent as determined by Massasoit Community College.

Students who violate the provisions of the Code, which includes provisions that prohibit sexual assault (which includes, but is not limited to, rape), domestic violence, dating violence, and stalking, will be sanctioned by the Title IX and Compliance Officer and/or Dean of Students. These sanctions may include one or more of the following:

1. Expulsion
2. Suspension
3. Exclusion from Some/All Campus Facilities
4. Restriction or Denial of College Services
5. Warning/Written Reprimand
6. Probation
7. Educational Sanctions
