Meet last year's United Way Standout Student Jennifer Alexis Ducheine

Jennifer was a teacher in Haiti before coming to America. Once here, she wanted to continue teaching as it was her passion, but soon realized that other skills were needed. Jennifer was then inspired to register into the Medical Interpreting program while improving her English language skills. Another reason for choosing that career path was to help her community and other newcomers to this country have more access to the healthcare services they need.

When asked what she would say to students who are thinking about taking this program, Jennifer responded: "Go for it! I would not have been able to take this class without the funding. When I first asked about courses at Massasoit, I thought there was nothing that could be done because I only had a green card. But I didn't give up. I spoke to the Community Education staff and explained my situation and told them that I didn't have the money to pay for the class. Later that day, they sent me an email, letting me know I was eligible and approved for the United Way Scholarship."

Summer 2025 Courses

Career Certificates & Professional Development

Health Sciences

CSHH 045 EKG Technician

This 60 hour course is designed to prepare students for the ASPT national certification exam. Through a combination of classroom and practical sessions students will gain the experience as well as meet licensure eligibility requirements. The course objectives will be to learn the required skills of an EKG Technician such as Heart Anatomy and Physiology, proper lead placement, Operating and adjusting EKG monitors, Diseases of the Heart, medical terminology. Additionally, students will practice with EKG equipment and perform hands-on labs including introduction to the function and proper use of the EKG machine, the normal anatomy of the chest wall for proper 12 lead placement, and other clinical practices. Certificate awarded upon successful completion of course. Additional fees for textbooks and ASPT certification.

Canton | C135 | 52194 | \$899 plus textbook & Workbook
Tuesday/Thursday | 6:00 p.m. - 9:00 p.m.
6/10/2025 - 8/14/2025
Instructor: Susan Lagasse

CSHH 035 Emergency Medical Technician Basic

This 172-hour MA accredited certificate program is designed to prepare students to function in the field as pre-hospital care providers. The curriculum follows National Standard Curriculum and meets and/or exceeds the Massachusetts Department of Public Health Office of Emergency Medical Services (OEMS) requirements. Through classroom and hands-on training, students learn how to manage emergencies in the pre-hospital environment including but not limited to; medical, traumatic, obstetric, psychiatric, pediatric, geriatric, and environmental emergencies. Successful completion allows the student to sit for the State of Massachusetts and National Registry of EMTs Emergency Medical Technician certification exams. This is an entry-level program for those who wish to have a career in Emergency Medical Services (EMS) up to the Paramedic level. Additional fees for: textbooks, uniforms, Basic Life Support certification, national testing, and MA state certification. Students are required to acquire and/or maintain a certification for Basic Life Support in order to successfully complete the program. A Massachusetts certificate of completion will be issued to students who successfully complete the Basic EMT program.

Middleborough | M127 | 51892 | \$1,048
Tuesday/Thursday | 5:30 p.m. - 9:30 p.m.
Saturday | 8:30 a.m. - 5:00 p.m.
5/28/2025 - 8/10/2025
Instructor: Nastassia J. Swanson

Note: This course is offered in-person and online using learning management system (Canvas) and video conference program (Zoom) on Tuesdays & Thursdays and in-person on Saturdays at the Middleborough Center, Room 127. Internet and webcam required.

Middleborough | M127 | 52241 | \$1,048
Saturday | 8:30 a.m. - 5:00 p.m.

Instructor: Nastassia J. Swanson

Note: This course is offered in-person and online using (Canvas) Asynchronous and in-person on Saturdays at the Middleborough Campus, Room 127. Internet and webcam required.

CSHH 054 Medical Interpreting

Medical interpreters are in great demand both in person and remotely by video or phone. Interpreters can elect to work for a hospital, school, or state agency, or as contractors with many agencies throughout the country. They can also elect to work remotely from home where they can work independently and make their own hours. Open to all languages, this 60-hour program provides working knowledge of medical interpreting, including standards of practice, ethics, HIPAA regulations, cultural competency, and medical terminology/vocabulary. The course provides intense practice via oral role plays on a variety of medical topics. The student will also be introduced to VRI (Video Remote Interpreting) and OPI (Over the Phone Interpreting). Offered in collaboration with TransFluenci EDU, this course is designed for those preparing for entry-level careers as medical interpreters as well as for working interpreters preparing for the National Board Certificate exam.

Students must be fully bilingual and must be fluent in English and one other language. This program meets the National Board for Medical Interpreter Certification training requirement and prepares you to pass the national certification exam. Upon successful completion of the course, students will receive a certificate of completion from the college and may elect to apply for national certification. Textbook and certification fees are not included.

Students must possess a high school diploma or equivalent. Because a language assessment is required, students must register at least two weeks in advance.

Brockton | B457 | 51898 | \$1,079
Saturday | 9:00 a.m. - 3:30 p.m.
6/14/2025 - 8/16/2025
Instructor: Nilma DeMagalhaes

CSHH 048 Pharmacy Technician

This program will prepare students to enter the pharmacy field and to pursue certification including the Pharmacy Technician Certification Board's PTCB exam. Through classroom lecture and hands-on labs, you will review pharmacy calculations, medical terminology specific to the pharmacy, review of the top 200 drugs, dosage calculations and conversions, I.V. flow rates, Aseptic technique, handling of sterile products, Total Parenteral Nutrition (TPN), drug compounding, dispensing of prescriptions, inventory control, billing and

Summer 2025 Courses

reimbursement. Students must have strong math skills in order to be successful in this program and field. To be eligible for the optional 80-hour externship, you must successfully complete the 50-hour classroom program, submit to our instructional partner a thorough background check (CORI), drug screening, proof of immunization, a negative TB test and meet other requirements. Strong math skills are required for success in this program.

Note: The Pharmacy Technician Certification Board (PTCB) and Certified Pharmacy Technician Exam (CPhT) are optional and are not included in the cost of the program. For additional information on the PTCB exam, visit their website at www.ptcb.org or call 800-363-8012. Cost includes required textbook.

Web | 51896 | \$1,499

Tuesday/Thursday | 6:00 p.m. - 9:30 p.m.

6/10/2025 - 8/7/2025

Instructor: Condensed Curriculum Staff

Note: This course is offered online using learning management system (Healthtoday) and video conference program (Zoom) as provided by Condensed Curriculum on scheduled days and times listed above. Internet and webcam required.

CSHH 008 Phlebotomy Technician

Phlebotomists are specially trained professional members of the healthcare delivery team whose primary responsibility is to collect blood specimens from patients for diagnostic testing.

This comprehensive 190-hour program consists of 70 classroom hours and a 120-hour practicum to be completed at a local facility. This program is a one semester learning experience, designed to prepare students for an entry-level position in phlebotomy and laboratory support services. Students learn through a combination of theory and laboratory practice, including instruction in venipuncture, skin puncture, special blood collections, specimen handling, waived laboratory testing, and all regulations governing safety and infection control practices.

The 120-hour clinical field placements will be held as full-time positions following the initial 10 weeks of in-class instruction. The student's actual work schedule will be determined by the assigned clinical site.

This training course has selective admissions requirements with specific criteria and deadlines. Students must provide a completed health form including proof of immunizations and attend an intake session to complete a CORI (criminal background check) and other important documents. Acceptance is based upon successful completion of the student intake process. Phlebotomy Technician application of interest can be found on the program page. <https://massasoit.edu/program/phlebotomy-certificate-non-credit/>

Canton | C208 | 52195 | \$1,759

Tuesday/Thursday | 5:30 p.m. - 9:00 p.m.

5/27/2025 - 8/29/2025

Instructor: Kerry Koceniak

CSBU 052 Veterinary Assistant

This course is a 60-hour certificate program. Learn invaluable veterinary hospital and office procedures and the skills needed to succeed as a Veterinary Assistant. From professional conduct, laws and effects on policy and procedures to front office and exam room procedures and administrative duties. In addition, you will learn restraint, safety concerns and basic procedures for small animals. A textbook is required at an additional cost. Students must possess a high school diploma or equivalent.

Web/Brockton | 52180 | \$550 plus textbook

Tuesday | 5:00 p.m. - 8:30 p.m.

5/27/2025 - 8/26/2025

Instructor: Andrea S. Gouthro

Note: This course is offered online using learning management (Canvas) and video conference program (Zoom) Tuesdays at scheduled times and in-person on Saturdays: 6/21, 7/12, 8/2, & 8/23 (9:00 AM to 12:00 PM). Internet and webcam required.

Home Inspection License Renewal Courses

CSTT 023 266 CMR Regs./Prof. Ethics Home Inspection

This course will provide licensed home inspectors with a review of the most current 266 CMR regulations including the MA Standards of Practice as well as a review of the standards of professional and ethical conduct set forth by the MA Board of Registration of Home Inspectors. Numerous illustrations will be used to teach each system that a home inspector is required to know, identify and report on. (5 contact hours).

CSTT 027 Plumbing and Gas for Home Inspection

This course is designed to improve the licensed Home Inspector's understanding of basic principles necessary to recognize problems in plumbing and gas systems in residential properties. You will be trained to make observations and judgments regarding acceptable installation and operation of systems, as well as

requirements for fixtures, materials, water temperature, pipe sizing, and venting. Basic observations will be made from CMR 248 Fuel Gas and Plumbing Code as it relates to Home Inspection. (3 contact hours)

Web | 52188 | \$89

Tuesday | 4:00 p.m. - 7:00 p.m.

8/5/2025

Instructor: William A. Droehn

Note: These course are offered online using video conference program (Zoom) at designated days and times listed above. Internet and webcam required.

CSTT 022 Process and Procedures for Home Inspection

Home Inspection. Instruction will focus on recommended methods for conducting a home inspection, with advice on setting up the checklist so that all important components are covered. Participants will learn how to look for, identify, and follow up on indications of a possible problem. The significance of new roof shingles that are lifting, tall foundation shrubs, foundation mud trails, darkened and streaked exterior shingles, for example, will be discussed as possible indicators of hidden damage. Aspects of insect damage, water damage, electrical and structural problems will be addressed. (State Board Approved for 3 continuing education credits.) This course is for Licensed Home Inspectors. (2 contact hours)

Summer 2025 Courses

Registration & Payment Information for Non-Credit Courses

Registration may be completed via the Massasoit Community Education webpage.

Click on the course you are interested in then follow the instructions for if you are a new student or returning.

Interested in a Community Education course? Scan the QR Code to Register

Students can make payments by:

Check: Please mail your check along with this registration form to the address listed above.

Credit Card: Log into your portal account to make payment once you receive your registration confirmation email. New students will receive their login credentials via email.

Third Party Payment: Students who are sponsored by third parties must submit, with their registration form, a letter of authorization from their agency indicating the amount of the sponsorship and billing information.

Payment Plan: Payment plan options are offered. Check the online schedule for availability at mycollegepaymentplan.com/massasoit. Once students receive their registration confirmation, they can then activate their payment plan agreement.

Withdrawal and Refund Information

Withdrawals before the start of the first class are granted a 100% refund. Withdrawals after the first class are refunded 0-50% depending on the length of the course.

To withdraw, you can:

(1) send an email from your Massasoit email account to studentcentral@massasoit.mass.edu requesting withdrawal, or fill out the Withdrawal form located in the MyMassasoit student portal.

(2) send a fax to 508-427-1246 with your printed and signed name requesting withdrawal.

Cancellation Information

Certain courses may be canceled due to low registration. Enrolled students will be notified as soon as cancellation decisions are made. A full refund will be provided to students who have enrolled in a class that has been canceled by Massasoit Community College.

Catalog Requests

If you would like us to mail you a catalog, please call us at 508-588-9100x1509.

Important Student Information

Scholarships

Student scholarships maybe available for eligible students while funding from the United Way of Greater Plymouth lasts for our EKG Technician, Medical Interpreting, Ophthalmic Assistant and Pharmacy Technician programs. For more information, call 508-588-9100, x1320.

Student Email Accounts

A student email account is created for all registered students. This email and login will help make sure you receive important information from Massasoit. Upon registration, an email will be sent to your personal email with the login information (make sure to check your spam & junk email folders!). If you have trouble logging into your email, then call the IT Helpdesk at 508-588-9100 x1139 or email at helpdesk@massasoit.mass.edu.

How to log into the MyMassasoit portal:

- On www.massasoit.edu, click on the **MyMassasoit** link.
- If you have never logged into **MyMassasoit**, or have not logged in within the past two years, you should click on the First Time Users link and follow the on-screen instructions to set up your account. You will need your Student ID, found at the top of your schedule/invoice.
- If you have logged into **MyMassasoit** recently, please continue to use the same username and password that you previously established. If you forgot your password, use the Reset Password link to reset it.
- If you experience any issues logging in, contact the **Help Desk** at HelpDesk@massasoit.mass.edu.

RAVE Alert

Massasoit has the capability to broadcast messages via multiple communications methods to alert all members of the college community in the event of an emergency. All registered students are automatically placed on this list. To remove your name, students must log into their student account to deactivate or modify the notification.

Bookstore

Massasoit's bookstore has moved online! Learn more, get started, and order your books online at www.massasoit.edu/bookstore.

Detailed instructions on how to order your books are available online.

Massasoit Libraries

We help with:

- library services on campus and remotely
- academic research support
- technology loans
- equity & activism resources
- and more!

The Massasoit Community College Libraries reflect the mission of the College by providing resources, comprehensive services, and a learning environment which foster the pursuit of lifelong learning of the College and surrounding communities.

Take the next step in your educational journey!

Massasoit Community College offers over 60 degree and certificate programs that are affordable, flexible and transferrable. If your goal is to earn a bachelor's degree or enter into the workforce, Massasoit is here to help you every step of the way. We offer courses on our three campuses, online, and a hybrid combination of course formats. With support in the classroom, and outside of the classroom, we are here for you at every step.

An Affordable Education

Massasoit Community College is one of the most affordable colleges in all of Massachusetts. Many of our students receive financial aid. We also have scholarships available to qualified applicants.

Renowned Faculty

Our faculty members get to know you by name. Classes at Massasoit are taught by field practitioners and subject experts. Giving you a high-quality educational experience.

Transfer Opportunities

For many students, Massasoit is the beginning of an educational journey. Our many partnerships, including MassTransfer, will help you transfer to a four-year college/university to continue your education.
