# Fall 2025 Courses

## Career Certificates & Professional Development

### Health Sciences

#### CSHH 045 EKG Technician

This 60 hour course is designed to prepare students for the ASPT national certification exam. Through a combination of classroom and practical sessions students will gain the experience as well as meet licensure eligibility requirements. The course objectives will be to learn the required skills of an EKG Technician such as Heart Anatomy and Physiology, proper lead placement, Operating and adjusting EKG monitors, Diseases of the Heart, medical terminology. Additionally, students will practice with EKG equipment and perform hands-on labs including introduction to the function and proper use of the EKG machine, the normal anatomy of the chest wall for proper 12 lead placement, and other clinical practices. Certificate awarded upon successful completion of course. Additional fees for textbooks and ASPT certification.

Canton | C135 | 11221 | \$899 plus textbook & Workbook  
Tuesday/Thursday | 6:00 p.m. to 9:00 p.m.  
9/16/2025 - 11/25/2025  
Instructor: Eileen Jones

#### CSHH 035 Emergency Medical Technician Basic

This 172-hour MA accredited certificate program is designed to prepare students to function in the field as pre-hospital care providers. The curriculum follows National Standard Curriculum and meets and/or exceeds the Massachusetts Department of Public Health Office of Emergency Medical Services (OEMS) requirements. Through classroom and hands-on training, students learn how to manage emergencies in the pre-hospital environment including but not limited to; medical, traumatic, obstetric, psychiatric, pediatric, geriatric, and environmental emergencies. Successful completion allows the student to sit for the State of Massachusetts and National Registry of EMTs Emergency Medical Technician certification exams. This is an entry-level program for those who wish to have a career in Emergency Medical Services (EMS) up to the Paramedic level. Additional fees for: textbooks, uniforms, Basic Life Support certification, national testing, and MA state certification. Students are required to acquire and/or maintain a certification for Basic Life Support in order to successfully complete the program. A Massachusetts certificate of completion will be issued to students who successfully complete the Basic EMT program.

Middleborough | MD127 | 11220 | \$1,048  
Monday/Tuesday/Wednesday/Thursday | 9:00 a.m. to 1:00 p.m.  
9/8/2025 to 11/15/2025  
Instructor: EMS Staff

Canton | C208 | 11218 | \$1,048

9/13/2025 to 11/22/2025  
Instructor: EMS Staff

Middleborough | MD127 | 11219 | \$1,048  
Tuesday/Thursday | 5:30 p.m. to 9:30 p.m.  
Saturday | 8:30 a.m. to 5:00 p.m.  
9/9/2025 to 11/15/2025  
Instructor: EMT Staff

Note: This course is offered in-person and online using learning management system (Canvas) and video conference program (Zoom) on Tuesdays & Thursdays and in-person on Saturdays at the Middleborough Center, Room 127. Internet and webcam required.

#### CSHH 054 Medical Interpreting

Medical interpreters are in great demand both in person and remotely by video or phone. Interpreters can elect to work for a hospital, school, or state agency, or as contractors with many agencies throughout the country. They can also elect to work remotely from home where they can work independently and make their own hours. Open to all languages, this 60-hour program provides working knowledge of medical interpreting, including standards of practice, ethics, HIPAA regulations, cultural competency, and medical terminology/vocabulary. The course provides intense practice via oral role plays on a variety of medical topics. The student will also be introduced to VRI (Video Remote Interpreting) and OPI (Over the Phone Interpreting). Offered in collaboration with TransFluenci EDU, this course is designed for those preparing for entry-level careers as medical interpreters as well as for working interpreters preparing for the National Board Certificate exam.

Students must be fully bilingual and must be fluent in English and one other language. This program meets the National Board for Medical Interpreter Certification training requirement and prepares you to pass the national certification exam. Upon successful completion of the course, students will receive a certificate of completion from the college and may elect to apply for national certification. Textbook and certification fees are not included.

Students must possess a high school diploma or equivalent. Because a language assessment is required, students must register at least two weeks in advance.

Brockton | B547 | 11224 | \$1,200  
Saturday | 9:00 a.m. to 3:30 p.m.  
10/11/2025 to 12/13/2025  
Instructor: Nilma DeMagalhaes

#### CSHH 048 Pharmacy Technician

This program will prepare students to enter the pharmacy field and to pursue certification including the Pharmacy Technician Certification Board's PTCB exam. Through classroom lecture and hands-on labs, you will review pharmacy calculations, medical terminology specific to the pharmacy, review of the top 200 drugs, dosage calculations and conversions, I.V., flow rates, Aseptic technique, handling of sterile products, Total Parenteral Nutrition (TPN), drug

# Fall 2025 Courses

compounding, dispensing of prescriptions, inventory control, billing and reimbursement. Students must have strong math skills in order to be successful in this program and field. To be eligible for the optional 80-hour externship, you must successfully complete the 50-hour classroom program, submit to our instructional partner a thorough background check (CORI), drug screening, proof of immunization, a negative TB test and meet other requirements. Strong math skills are required for success in this program.

Note: The Pharmacy Technician Certification Board (PTCB) and Certified Pharmacy Technician Exam (CPhT) are optional and are not included in the cost of the program. For additional information on the PTCB exam, visit their website at [www.ptcb.org](http://www.ptcb.org) or call 800-363-8012. Cost includes required textbook.

Tuesday/Thursday | 6:00 p.m. to 9:30 p.m.

10/14/2025 to 12/11/2025

Instructor: Condensed Curriculum Staff

Note: This course is offered online using learning management system (Healthtoday) and video conference program (Zoom) as provided by Condensed Curriculum on scheduled days and times listed above. Internet and webcam required.

## **CSHH 008 Phlebotomy Technician**

Phlebotomists are specially trained professional members of the healthcare delivery team whose primary responsibility is to collect blood specimens from patients for diagnostic testing.

This comprehensive 190-hour program consists of 70 classroom hours and a 120-hour practicum to be completed at a local facility. This program is a one semester learning experience, designed to prepare students for an entry-level position in phlebotomy and laboratory support services. Students learn through a combination of theory and laboratory practice, including instruction in venipuncture, skin puncture, special blood collections, specimen handling, waived laboratory testing, and all regulations governing safety and infection control practices.

The 120-hour clinical field placements will be held as full-time positions following the initial 10 weeks of in-class instruction. The student's actual work schedule will be determined by the assigned clinical site.

This training course has selective admissions requirements with specific criteria and deadlines. Students must provide a completed health form including proof of immunizations and attend an intake session to complete a CORI (criminal background check) and other important documents. Acceptance is based upon successful completion of the student intake process. Phlebotomy Technician application of interest can be found on the program page. <https://massasoit.edu/program/phlebotomy-certificate-non-credit/>

Middleborough | MD109 | 11228 | \$1,759

Saturday | 8:30 a.m. to 3:30 p.m.

9/6/2025 to 11/8/2025

Instructor: Beverly Allen

## **CSBU 052 Veterinary Assistant**

This course is a 60-hour certificate program. Learn invaluable veterinary hospital and office procedures and the skills needed to succeed as a Veterinary Assistant. From professional conduct, laws and effects on policy and procedures to front office and exam room procedures and administrative duties. In addition, you will learn restraint, safety concerns and basic procedures for small animals. A textbook is required at an additional cost. Students must possess a high school diploma or equivalent.

Web/Brockton | DLHB | 11203 | \$55

Tuesday | 5:00 p.m. to 8:30 p.m.

9/9/2025 to 12/9/2025

Instructor: Andrea S. Forry

Note: This course is offered online using learning management system (Canvas) and video conference program (Zoom) Tuesdays at scheduled times and in-person on Saturdays: 9/27 & 10/25, 11/15 & 12/6 (9:00 a.m. to 12:00 p.m.). Internet and webcam required.

## **Home Inspection & License Renewal Courses**

### **CSTT 006 Associate Home Inspection Trainee, Part I**

This is the first of a two-part Associate Home Inspector Trainee program designed to start a Trainee on the required pathway towards becoming a licensed Massachusetts Home Inspector. Trainees are required to attain 72 hours of classroom training and discussion in topics listed by the Board of Registration of Home Inspectors. Trainees are also required to select 3 additional training hours at a venue of their choice to attain a total of 75 training hours. There is an additional \$50 fee payable to the instructor for copies of the PowerPoint presentation, as well as a \$75 fee payable to the college for any make-up classes an individual student may need. Recommended textbooks: Mechanical Systems and NHIE Content Material and Structural Systems and Business Manual by Bruce Barker are available at <https://nationalhomeinspectorexam.org/books>.

Brockton | H225 | 11233 | \$550

Tuesday/Thursday | 6:00 p.m. to 9:00 p.m.

9/9/2025 to 12/18/2025

Instructor: Robert F. Mulloy

# Fall 2025 Courses

## **CSTT 007 Associate Home Inspection Trainee, Part II**

This is the second of a two-part Associate Home Inspector Trainee program designed to start a Trainee on the required pathway towards becoming a licensed Massachusetts Home Inspector. Trainees are required to attain 72 hours of classroom training and discussion in topics listed by the Board of Registration of Home Inspectors. Trainees are also required to select 3 additional training hours at a venue of their choice to attain a total of 75 training hours. There is an additional \$50 fee payable to the instructor for copies of the PowerPoint presentation, as well as a \$75 fee payable to the college for any make-up classes an individual student may need. Recommended textbooks: Mechanical Systems and NHIE Content Material and Structural Systems and Business Manual by Bruce Barker are available at <https://nationalhomeinspectorexam.org/books>.

Instructor: William A. Drosehn

Note: This course is offered online using video conference program (Zoom) at designated days and times listed above. Internet and webcam required.

## **CSTT 029 Electrical Systems for Home Inspection**

This course is designed to assist licensed home inspectors with the fundamental phases and to provide a systematic approach to the electrical inspection process. You will review the MA Code electrical inspection requirements, feeder distribution, and branch circuit layout and obtain resource materials as well as interactive learning techniques. In addition, you will learn situations home inspectors may encounter when inspecting electrical systems - from electrocuted

mice, to violations in grounding, knob and-tube wiring, aluminum wiring, circuits boxes, and fuses. (3 contact hours)

Web | 11242 | \$89  
Thursday | 5:30 p.m. to 8:30 p.m.  
12/11/2025

Instructor: William A. Drosehn

Note: This course is offered online using video conference program (Zoom) at designated days and times listed above. Internet and webcam required.

## **CSTT 024 Legal Aspects, Cases & Practices/Home Inspection**

This course will provide licensed professionals with an advanced understanding necessary to avoid the legal pitfalls of performing home inspections. Discussion will focus on the legal ramifications of action taken or not taken by the home inspector while performing inspections. (3 contact hours)

Web | 11243 | \$89  
Tuesday | 5:30 p.m. to 7:30 p.m.  
10/7/2025

Instructor: William A. Drosehn

Note: These course are offered online using video conference program (Zoom) at designated days and times listed above. Internet and webcam required.

## **CSTT 032 Mold, Mildew, and Moisture for Home Inspection**

This course is designed for the licensed Home Inspectors to provide participants with the basic facts about mold, mildew and moisture. Discussion will focus on the assessment and identification of mold and potential health affects and symptoms associated with exposure. We will also review the practical ways to eliminate and control mold spores in the indoor environment. Participants will take away an understanding of Mold, Mildew and Moisture, and the basic cleanup options that may directly impact the air quality of a residential and commercial structure. (3 contact hours).

Instructor: William A. Drosehn

Note: These course are offered online using video conference program (Zoom) at designated days and times listed above. Internet and webcam required.

## **CSTT 034 Report Writing for Home Inspection**

This course is designed for licensed Home Inspectors and will use the 266 CMR Regulations as a guide in assisting home inspectors in the development of their required inspection reports. (2 contact hours).

Web | 11246 | \$54  
Saturday | 12:30 p.m. to 2:30 p.m.  
11/8/2025  
Instructor: William A. Drosehn

Note: These course are offered online using video conference program (Zoom) at designated days and times listed above. Internet and webcam required.

# Fall 2025 Courses

## CSTT 033 Utilizing New Technology for Home Inspection

This course is designed for licensed Home Inspectors. There are many home inspection companies in the market offering quality home inspections. In this business, new technologies may allow inspectors to stay one step ahead of the competition while saving time and money. This class will demonstrate how to improve the quality of both home inspection and the business by using the latest technology available. Participants will learn about the many software options available, as well as new tools and equipment that assist in running a more accurate and efficient inspection business. (2 contact hours).

Web | 11245 | \$54

Tuesday | 5:30 p.m. to 7:30 p.m.

10/21/2025

Instructor: William Drosehn

Note: This course is offered online using video conference program (Zoom) at designated days and times listed above. Internet and webcam required

## Additional Programming

### English for Speakers of Other Languages (ESOL)

Students must be assessed prior to registration. Assessments are by appointment only, no walk-in appointments are available.

## CSED 503 Foundational ESOL

Wednesday | 12:00 p.m. to 4:00 p.m.  
9/3/2025 to 12/18/2025  
Instructor: Testing Staff

# Fall 2025 Courses

## Personal Enrichment

### Culinary Arts

#### CSPE 211 New England Favorites

Come learn how to make some great treats from our part of the USA, and a bit of local lore with each one. Spiced Hermits, Whoopie Pies, and Nantucket Cranberry Pie (really more cake than pie – but either way it is amazing). All are wonderful with your favorite hot fall beverage.

Please contact the Chef if you have any questions or allergy concerns. Please wear low, comfortable shoes, and an apron if you have one. We will all pitch in to help with a quick clean up to tidy up our spaces. Material Fee: \$5.00 payable to the instructor at the beginning of class.

Feel free to bring lunch or a snack as we will take a short break about noon.

Brockton | SC222 | 11247 | \$49

Saturday | 10:00 a.m. to 2:00 p.m.

9/27/2025

Instructor: Jeanne Curtis

#### CSPE 212 Sweet Galettes and Lattice Tarts

Create the classic rustic tart with amazing local fruits, and also learn how to make a beautiful lattice on another galette styled tart. These pastries are sure to wow with both flavor and texture – and take less time to make than a traditional American pie. Serve with your favorite ice cream, and you'll be making them all the time!

Please contact the Chef if you have any questions or allergy concerns. Please wear low, comfortable shoes, and an apron if you have one. We will all pitch in to help with a quick clean up to tidy up our spaces. Material Fee: \$5.00 payable to the instructor at the beginning of class.

Feel free to bring lunch or a snack as we will take a short break about noon.

Brockton | SC222 | 11248 | \$49

Saturday | 10:00 a.m. to 2:00 p.m.

10/18/2025

Instructor: Jeanne Curtis

#### CSPE 213 Puffs 'n Stuff

There's nothing like a fresh cream puff or éclair – and even better if you made them yourself. Simple, yet elegant – they are sure to impress family and friends. Pate a choux, pastry cream, ganache glaze, and whipped cream are all a part of the baking process to make these favorites.

Please contact the Chef if you have any questions or allergy concerns. Please wear low, comfortable shoes, and an apron if you have one. We will all pitch in to help with a quick clean up to tidy up our spaces. Material Fee: \$5.00 payable to the instructor at the beginning of class.

Feel free to bring lunch or a snack as we will take a short break about noon.

Brockton | SC222 | 11249 | \$49

Saturday | 10:00 a.m. to 2:00 p.m.

11/15/2025

Instructor: Jeanne Curtis

#### CSPE 225 Holiday Cookie Extravaganza

A day to relax and have fun creating these sweet treats we all crave during our holiday celebrations. Beautiful pinwheels, piped Danish butter cookies, and a true favorite – Russian tea cakes. Take a box of your treats to share, or indulge with loved ones at home.

Please contact the Chef if you have any questions or allergy concerns. Please wear low, comfortable shoes, and an apron if you have one. We will all pitch in to help with a quick clean up to tidy up our spaces. Material Fee: \$5.00 payable to the instructor at the beginning of class.

Feel free to bring lunch or a snack as we will take a short break about noon.

Brockton | SC222 | 11250 | \$49

Saturday | 10:00 a.m. to 2:00 p.m.

12/6/2025

Instructor: Jeanne Curtis

## Registration & Payment Information for Non-Credit Courses

### Registration may be completed via the Massasoit Community Education webpage.

Click on the course you are interested in then follow the instructions for if you are a new student or returning.

Interested in a Community Education course? Scan the QR Code to Register

### Students can make payments by:

**Check:** Please mail your check along with this registration form to the address listed above.

**Credit Card:** Log into your portal account to make payment once you receive your registration confirmation email. New students will receive their login credentials via email.

**Third Party Payment:** Students who are sponsored by third parties must submit, with their registration form, a letter of authorization from their agency indicating the amount of the sponsorship and billing information.

**Payment Plan:** Payment plan options are offered. Check the online schedule for availability at [mycollegepaymentplan.com/massasoit](http://mycollegepaymentplan.com/massasoit). Once students receive their registration confirmation, they can then activate their payment plan agreement.

### Withdrawal and Refund Information

Withdrawals before the start of the first class are granted a 100% refund. Withdrawals after the first class are refunded 0-50% depending on the length of the course.

#### To withdraw, you can:

- (1) send an email from your Massasoit email account to [studentcentral@massasoit.mass.edu](mailto:studentcentral@massasoit.mass.edu) requesting withdrawal, or fill out the Withdrawal form located in the MyMassasoit student portal.
- (2) send a fax to 508-427-1246 with your printed and signed name requesting withdrawal.

### Cancellation Information

Certain courses may be canceled due to low registration. Enrolled students will be notified as soon as cancellation decisions are made. A full refund will be provided to students who have enrolled in a class that has been canceled by Massasoit Community College.

### Catalog Requests

If you would like us to mail you a catalog, please call us at 508-588-9100x1509.

## Important Student Information

### Scholarships

Student scholarships maybe available for eligible students while funding from the United Way of Greater Plymouth lasts for our EKG Technician, Medical Interpreting, Ophthalmic Assistant and Pharmacy Technician programs. For more information, call 508-588-9100, x1320.

### Student Email Accounts

A student email account is created for all registered students. This email and login will help make sure you receive important information from Massasoit. Upon registration, an email will be sent to your personal email with the login information (make sure to check your spam & junk email folders!). If you have trouble logging into your email, then call the IT Helpdesk at 508-588-9100 x1139 or email at [helpdesk@massasoit.mass.edu](mailto:helpdesk@massasoit.mass.edu).

### How to log into the MyMassasoit portal:

- On [www.massasoit.edu](http://www.massasoit.edu), click on the **MyMassasoit** link.
- If you have never logged into **MyMassasoit**, or have not logged in within the past two years, you should click on the First Time Users link and follow the on-screen instructions to set up your account. You will need your Student ID, found at the top of your schedule/invoice.
- If you have logged into **MyMassasoit** recently, please continue to use the same username and password that you previously established. If you forgot your password, use the Reset Password link to reset it.
- If you experience any issues logging in, contact the **Help Desk** at [HelpDesk@massasoit.mass.edu](mailto:HelpDesk@massasoit.mass.edu).

### RAVE Alert

Massasoit has the capability to broadcast messages via multiple communications methods to alert all members of the college community in the event of an emergency. All registered students are automatically placed on this list. To remove your name, students must log into their student account to deactivate or modify the notification.

### Bookstore

Massasoit's bookstore has moved online! Learn more, get started, and order your books online at [www.massasoit.edu/bookstore](http://www.massasoit.edu/bookstore).

Detailed instructions on how to order your books are available online.

## Massasoit Education & Training Fund Program

Are you unemployed? Under-employed? Are you interested in starting a new career?

Come to Massasoit to participate in our Education and Training Fund (ETF) Program for one of our free training courses Each training course will provide you with the skills and experience you need to get your new career started!

[www.massasoit.edu/ETF](http://www.massasoit.edu/ETF)

### CSED 045 EKG TECHNICIAN

The healthcare industry is a rapidly growing field with a wide range of opportunities for those looking to make a difference in the lives of others, and the demand for healthcare professionals is increasing. If helping others is your heart's desire, consider becoming an EKG technician. Becoming an EKG technician can be a great career path if you have a passion for helping others, and an interest in the medical field

This 60-hour course covers topics and activities including: heart anatomy and physiology, proper lead placement, operating and adjusting EKG monitors, diseases of the heart, and medical terminology. Through a combination of classroom and practical sessions you will gain experience as well as meet licensure eligibility requirements and prepare for the national certification exam.

This training course has selective admissions requirements with specific criteria and deadlines. Students must attend an intake session to complete important documents. Acceptance is based upon successful completion of the student intake process.

Canton | C135 | 11222 | \$0  
Monday/Wednesday | 6:00 p.m. to 9:00 p.m.  
10/1/2025 to 12/15/2025  
Instructor: Donald Tebeau

### CSHH 035 EMT Basic

This Massachusetts accredited certificate program is designed to prepare students to function in the field as pre-hospital care providers. The curriculum follows the National Standard Curriculum and meets and/or exceeds the Massachusetts Department of Public Health Office of Emergency Medical Services (OEMS) requirements. Through classroom and hands-on training, students learn how to manage emergencies in the pre-hospital environment including but not limited to: medical, traumatic, obstetric, psychiatric, pediatric, geriatric, and environmental emergencies. Successful completion allows the student to sit for State of Massachusetts and National Registry of EMTs Emergency Medical Technician certification exams. This is an entry-level program for those who wish to pursue a career in Emergency Medical Services (EMS) up to the Paramedic level.

In order to be eligible to be certified as an EMT-Basic in Massachusetts, a person must:

- Be at least 18 years of age
- Abstain from the abuse of drugs which impairs professional judgment

and/or practice

- Be free of any physical or mental impairment or disease which could reasonably be expected to impair the ability to be an EMT, or which could reasonably be expected to jeopardize the health and safety of the patient
- Attend all classes (OEMS requires 100% attendance)
- Meet the training requirements applicable to the level of certification
- Obtain National Registry of EMTs (NREMT) certification by successfully completing a Massachusetts psychomotor (practical) examination and NREMT cognitive (computer-based) examination

This training course has selective admissions requirements with specific criteria and deadlines. Students must attend an intake session to complete important documents Acceptance is based upon successful completion of the student intake process.

Please note: The National Registry administers examinations in English only. The National Registry provides accommodations for English language learners or individuals with limited English proficiency if they have documented disabilities, as required by the ADA (<https://nremtorg/Policies/ExaminationPolicies/ADA-Accommodations>).

Brockton | B439 | 11226 | \$0  
Monday/Wednesday | 5:30 p.m. to 9:30 p.m.  
Saturday | 8:30 a.m. to 5:00 pm.  
9/8/2025 to 11/15/2025  
Instructor: EMS Staff

### CSHH 008 Phlebotomy Technician

Phlebotomists are specially trained professional members of the healthcare delivery team whose primary responsibility is to collect blood specimens from patients for diagnostic testing.

This comprehensive 190-hour program consists of 70 classroom hours and a 120-hour practicum to be completed at a local facility This program is a one semester learning experience, designed to prepare students for an entry-level position in phlebotomy and laboratory support services Students learn through a combination of theory and laboratory practice, including instruction in venipuncture, skin puncture, special blood collections, specimen handling, waived laboratory testing, and all regulations governing safety and infection control practices.

The 120-hour clinical field placements will be held as full-time positions following the initial 10 weeks of in-class instruction The student's actual work schedule will be determined by the assigned clinical site.

This training course has selective admissions requirements with specific criteria and deadlines Students must provide a completed health form including proof of immunizations and attend an intake session to complete a CORI (criminal background check) and other important documents Acceptance is based upon successful completion of the student intake process

Canton | C208 | 11229 | \$0  
Tuesday/Thursday | 5:00 p.m. to 8:30 p.m.
