

Radiologic Technology

Associate in Science

Semester 1			Credits
RADT 101	Introduction to Clinical Practice	 	3 <input type="checkbox"/>
RADT 111	RADT Anatomy/Positioning Lab I	 	1 <input type="checkbox"/>
RADT 133	RADT Anatomy/Positioning Lecture I	 	2 <input type="checkbox"/>
RADT 141	RADT Clinical Experience I	 	3 <input type="checkbox"/>
BIOL 201	Anatomy and Physiology I		4 <input type="checkbox"/>
ENGL 101	English Composition I		3 <input type="checkbox"/>
MATH 203+	College Algebra or higher		3 <input type="checkbox"/>

19

Semester 2			Credits
RADT 102	Image Production and Evaluation	 	3 <input type="checkbox"/>
RADT 112	RADT Anatomy/Positioning Lab II	 	1 <input type="checkbox"/>
RADT 120	RADT Principles of Digital Imaging	 	2 <input type="checkbox"/>
RADT 134	RADT Anatomy/Positioning Lecture II	 	2 <input type="checkbox"/>
RADT 142	RADT Clinical Experience II A	 	3 <input type="checkbox"/>
BIOL 202	Anatomy and Physiology II		4 <input type="checkbox"/>
ENGL 102	English Composition II		3 <input type="checkbox"/>

18

Summer			
RADT 143	RADT Clinical Experience II B	 	5 <input type="checkbox"/>

5

Semester 4			Credits
RADT 105	Medical Imaging	 	2 <input type="checkbox"/>
RADT 113	RADT Anatomy/Positioning Lab III	 	1 <input type="checkbox"/>
RADT 131	Radiation Science I	 	3 <input type="checkbox"/>
RADT 137	RADT Anatomy/Positioning Lecture III	 	1 <input type="checkbox"/>
RADT 144	RADT Clinical Experience III	 	4 <input type="checkbox"/>
PSYC 101	General Psychology		
SOCI 104	Principles of Sociology	CHOOSE ONE	3 <input type="checkbox"/>

14

Semester 5			Credits
RADT 106	Seminar/Quality Control	 	2 <input type="checkbox"/>
RADT 132	Radiation Science II and Protection	 	3 <input type="checkbox"/>
RADT 138	RADT Pathology/Sectional Anatomy	 	3 <input type="checkbox"/>
RADT 140	Advanced Imaging Procedures	 	2 <input type="checkbox"/>
RADT 145	Clinical Experience IV	 	4 <input type="checkbox"/>
LA	Liberal Arts Elective		3 <input type="checkbox"/>

17

This academic map is a suggested semester-by-semester guide to keep you on a clear path to program completion. Your academic advisor will provide you with clear direction needed to stay on course and discuss scheduling options with you. Taking courses not reflected on this map may result in courses not counting toward the completion of your requirements.

KEY

Keep an eye out for these symbols, which give important information about certain courses.

These courses have no prerequisites or developmental courses required.

These courses are only offered in certain semesters.

Students must earn a minimum grade in these courses to remain in the program.

Eligible electives for this program are listed on the reverse. Watch for this symbol.

HELPFUL HINTS

Summer and/or Winter Session classes may be available for your program to help you finish on time. See your advisor or visit the online course search for availability.

Taking 15 credits/semester or 30 credits/year will help you stay on track to finish your degree in two years.

CONGRATULATIONS

You've Arrived!

Program Notes

The Radiologic Technology Program is a 21-month, competency-based program, preparing students for entry level careers as Radiographers in a variety of clinical settings. Accreditation has been granted by the Joint Committee on Education in Radiology Technology (JRCERT) and follows the American Society of Radiologic Technologists (ASRT) curriculum.

The Radiologic Technology program at Massasoit Community College is a selective and highly competitive admissions program. All applicants are reviewed by a committee by means of a rubric in order to assure fair and ethical selection practices.

Students accepted to the program are assigned to a clinical education center by the program placement committee. The committee makes the assignment after considering the residence of the student and after reviewing the geographic composition of the class as a whole and according to a student's needs. The clinical objectives for each clinical practicum course will determine the room rotation schedules within a clinical practicum site. In order to meet the educational needs of all students the clinical assignments may be changed at any time as determined by the Program Director, Clinical Coordinators and Clinical Instructors.

NOTE: The ARRT requires all examinees to disclose any prior felony or misdemeanor conviction. If this situation applies to a student, it is recommended they contact the ARRT at -612-687-0048 to discuss their particular case. This process is to prevent the student from having completed the A.S. degree program and being ineligible to take the ARRT exam.

A CORI/SORI background check will be required for all students before clinical experience. Unsatisfactory CORI status will prevent students from participating in the clinical experience. Some sites may also implement drug screening.

Radiography involves the provision of direct care for individuals and is characterized by the application of verified knowledge in the skillful performance of radiological technical functions. Therefore, all applicants should possess sufficient visual, auditory, gross and fine motor, communication, and intellectual and emotional skills to perform direct care tasks.

Other Electives: Students choosing a business, liberal arts, science, or general elective can select from the Course Elective Guide at massasoit.edu/electives.

Some courses may have prerequisites, which are courses that **must** be taken prior to a particular course. For details, log into Degree Works through your MyMassasoit portal.

A minimum of 73 credits and 27 courses is required for completion. The same course may not be used to satisfy two different course requirements.

After Graduation/Completion

Upon graduation, Radiologic Technology students receive an Associate in Science Degree. Program graduates are eligible to apply for the national certification examination administered by the American Registry of Radiologic Technologists (ARRT). Individuals who pass the examination are known as Registered Technologists in (Radiography), RT(R). Successful completion of national certification makes the graduate eligible for National state licensure.

As a registered technologist, you have the ability to work in any clinic, hospital, Industrial and veterinary hospital across United States.

Once you pass the ARRT examination and receive your license, you can be certified as a CT Technologist, MRI Technologist, Mammography Technologist, or Special Procedures Technologist.
