Allied Health

CSHH 065 Medical Interpreting Online

Medical interpreters are in great demand both in person and remotely by video or phone. Interpreters can elect to work for a hospital, school, or state agency, or as contractors with many agencies throughout the country. They can also elect to work remotely from home where they can work independently and make their own hours. Open to all languages, this 60-hour program provides working knowledge of medical interpreting, including standards of practice, ethics, HIPAA regulations, cultural competency, and medical terminology/vocabulary. The course provides intense practice via oral role plays on a variety of medical topics. The student will also be introduced to VRI (Video Remote Interpreting) and OPI (Over the Phone Interpreting). Offered in collaboration with TransFluenci EDU, this course is designed for those preparing for entry-level careers as medical interpreters as well as for working interpreters preparing for the National Board Certificate exam.

Students must be fully bilingual and must be fluent in English and one other language. This program meets the National Board for Medical Interpreter Certification training requirement and prepares you to pass the national certification exam. Upon successful completion of the course, students will receive a certificate of completion from the college and may elect to apply for national certification. Textbook and certification fees are not included.

Students must possess a high school diploma or equivalent. Because a language assessment is required, students must register at least two weeks in advance.

 Saturday | 9:00 a.m. - 3:30 p.m.
 03/07/2026 - 05/16/2026
 Instructor: Nilma DeMagalhaes

Note: No class on 03/21.

CSHH 048 Pharmacy Technician

This program will prepare students to enter the pharmacy field and to pursue certification including the Pharmacy Technician Certification Board's PTCB exam. Through classroom lecture and hands-on labs, you will review pharmacy calculations, medical terminology specific to the pharmacy, review of the top 200 drugs, dosage calculations and conversions, I.V. flow rates, Aseptic technique, handling of sterile products, Total Parenteral Nutrition (TPN), drug compounding, dispensing of prescriptions, inventory control, billing and reimbursement. Students must have strong math skills in order to be successful in this program and field. To be eligible for the optional 80-hour externship, you must successfully complete the 50-hour classroom program, submit to our instructional partner a thorough background check (CORI), drug screening, proof of immunization, a negative TB test and meet other requirements. Strong math skills are required for success in this program.

Note: The Pharmacy Technician Certification Board (PTCB) and Certified Pharmacy Technician Exam (CPhT) are optional and are not included in the cost of the program. For additional information on the PTCB exam, visit their website at www.ptcb.org or call 800-363-8012. Cost includes required textbook.

 Instructor: Condensed Curriculum Staff

Note: This course is offered online using learning management system (Heathtoday) and video conference program (Zoom) as provided by Condensed Curriculum on scheduled days and times listed above. Internet and webcam required.

No class on 03/17 and 03/19.

CSHH 009 Youth Mental Health First Aid

Youth Mental Health First Aid is a skills based training that teaches parents, family members, caregivers, teachers, school staff, peers, neighbors, health and human services workers and any other citizen how to identify, understand and respond to an adolescent (ages 12-18) who may be experiencing a mental health

Spring 2026 Courses

or substance use challenge. In this course content for working with children ages 5 to 11 is provided in the book as well.

Youth Mental Health First Aid is available in English, Spanish, Chinese, Korean and Khmer.

Note: Before a student can attend instructor-led training, they must complete their course preparation work – which includes a pre-evaluation, opinions quiz and blended pre-work.

CSTT 031 Legal Aspects, Cases & Practices/Home Inspection

This course will provide licensed professionals with an advanced understanding necessary to avoid the legal pitfalls of performing home inspections. Discussion will focus on the legal ramifications of action taken or not taken by the home inspector while performing inspections. (3 contact hours).

Web | 21208 | \$89
Sunday | 2:00 p.m. - 5:00 p.m.
04/19/2026
Instructor: William A. Drosehn

Note: This course is offered online using video conference program (Zoom) at designated days and times listed above. Internet and webcam required.

CSTT 032 Mold, Mildew, and Moisture for Home Inspection

This course is designed for the licensed Home Inspectors to provide participants with the basic facts about mold, mildew and moisture. Discussion will focus on the assessment and identification of mold and potential health affects and symptoms associated with exposure. We will also review the practical ways to eliminate and control mold spores in the indoor environment. Participants will

take away an understanding of Mold, Mildew and Moisture, and the basic cleanup options that may directly impact the air quality of a residential and commercial structure. (3 contact hours).

Web | 21209 | \$89
Saturday | 8:30 a.m. - 11:30 a.m.
04/18/2026

Instructor: William A. Drosehn

Note: These course are offered online using video conference program (Zoom) at designated days and times listed above. Internet and webcam required.

CSTT 027 Plumbing and Gas for Home Inspection

This course is designed to improve the licensed Home Inspector's understanding of basic principles necessary to recognize problems in plumbing and gas systems in residential properties. You will be trained to make observations and judgments regarding acceptable installation and operation of systems, as well as requirements for fixtures, materials, water temperature, pipe sizing, and venting. Basic observations will be made from CMR 248 Fuel Gas and Plumbing Code as it relates to Home Inspection. (3 contact hours)

Web | 21213 | \$89

CSPE 214 Cobblers and Lemon Bars

Come join us in making a warm fruit cobbler, perfect with vanilla ice cream or hot cocoa! And for those of us missing the sunny weather, we will be taking a nod to Spring with a great lemon bar – a perfect snack any time of year. This class will take place in a professional kitchen that uses a wide variety of ingredients.

Please contact the Chef if you have any questions or concerns. Please be sure to wear comfortable, flat shoes, and an apron if you have one. Feel free to bring a drink, snack or lunch, as we will be taking a short break at noon. As always, we will work together to tidy up our workspace as we bundle up your goodies. Material fee of \$5.00 payable to the instructor at the beginning of class.

CSPE 215 Holiday Ideas for Anytime

Sunrise bread is a flavorful yeast loaf of spices and dried fruits. I love this bread for toast, bread pudding, or simply smeared with butter. We will also be making a Banana Foster Coffeecake –that is as amazing as it sounds. This class will take place in a professional kitchen that uses a wide variety of ingredients. Please contact the Chef if you have any questions or concerns. Nuts will be used in this class.

Please be sure to wear comfortable, flat shoes, and an apron if you have one. Feel free to bring a drink, snack or lunch, as we will be taking a short break at noon. As always, we will work together to tidy up our workspace as we bundle up your goodies. Material fee of \$5.00 payable to the instructor at the beginning of class. Please contact the Chef if you have any questions.

CSPE 216 Yay for Springtime!

Come monkey around with us in the kitchen as we make incredible monkey bread and Spring filled flat breads, stuffed with a variety of cheeses, herbs, and chopped vegetables. This class will take place in a professional kitchen that uses a wide variety of ingredients. Please contact the Chef if you have any questions or concerns.

Please be sure to wear comfortable, flat shoes, and an apron if you have one. Feel free to bring a drink, snack or lunch, as we will be taking a short break at noon. As always, we will work together to tidy up our workspace as we bundle up your goodies. Material fee of \$5.00 payable to the instructor at the beginning of class.

Civic Enrichment

Civic Engagement

This 20 hour course is designed to cultivate active citizenship & foster a deeper understanding of the roles individuals play within their communities. Students will explore the principles, practices, and challenges of civic engagement, with a focus on empowering communities to address social issues and effect positive change. Through discussions, experiential learning activities, and community-based projects, students will develop the knowledge and skills to become informed, engaged, and effective agents of change in their communities.

Saturday | 9:00 a.m. – 11:00 a.m.

03/07/2026 – 05/16/2026

Instructor: Staff

Women in Politics

This 20 hour course examines the pivotal role of women in politics, focusing on their historical and contemporary contributions, challenges, and achievements. Students will explore strategies for overcoming barriers, the impact of gender diversity in leadership, and global efforts to promote women's political empowerment through case studies and interactive discussions. Cost of textbook not included in course cost. Textbook: Women in Politics, 4th Edition by Julie Dolan.

Spring 2026 Courses

Registration & Payment Information for Non-Credit Courses

Registration may be completed via the Massasoit Community Education webpage.

Click on the course you are interested in then follow the instructions for if you are a new student or returning.

Interested in a Community Education course? Scan the QR Code to Register

Students can make payments by:

Check: Please mail your check along with this registration form to the address listed above.

Credit Card: Log into your portal account to make payment once you receive your registration confirmation email. New students will receive their login credentials via email.

Third Party Payment: Students who are sponsored by third parties must submit, with their registration form, a letter of authorization from their agency indicating the amount of the sponsorship and billing information.

Payment Plan: Payment plan options are offered. Check the online schedule for availability at mycollegepaymentplan.com/massasoit. Once students receive their registration confirmation, they can then activate their payment plan agreement.

Withdrawal and Refund Information

Withdrawals before the start of the first class are granted a 100% refund. Withdrawals after the first class are refunded 0-50% depending on the length of the course.

To withdraw, you can:

(1) send an email from your Massasoit email account to studentcentral@massasoit.mass.edu requesting withdrawal, or fill out the Withdrawal form located in the MyMassasoit student portal.

(2) send a fax to 508-427-1246 with your printed and signed name requesting withdrawal.

Cancellation Information

Certain courses may be canceled due to low registration. Enrolled students will be notified as soon as cancellation decisions are made. A full refund will be provided to students who have enrolled in a class that has been canceled by Massasoit Community College.

Catalog Requests

If you would like us to mail you a catalog, please call us at 508-588-9100x1509.

Important Student Information

Student Email Accounts

A student email account is created for all registered students. This email and login will help make sure you receive important information from Massasoit. Upon registration, an email will be sent to your personal email with the login information (make sure to check your spam & junk email folders!). If you have trouble logging into your email, then call the IT Helpdesk at 508-588-9100 x1139 or email at helpdesk@massasoit.mass.edu.

How to log into the MyMassasoit portal:

- On www.massasoit.edu, click on the **MyMassasoit** link.
- If you have never logged into **MyMassasoit**, or have not logged in within the past two years, you should click on the First Time Users link and follow the on-screen instructions to set up your account. You will need your Student ID, found at the top of your schedule/invoice.
- If you have logged into **MyMassasoit** recently, please continue to use the same username and password that you previously established. If you forgot your password, use the Reset Password link to reset it.
- If you experience any issues logging in, contact the **Help Desk** at HelpDesk@massasoit.mass.edu.

RAVE Alert

Massasoit has the capability to broadcast messages via multiple communications methods to alert all members of the college community in the event of an emergency. All registered students are automatically placed on this list. To remove your name, students must log into their student account to deactivate or modify the notification.

Bookstore

Massasoit's bookstore has moved online! Learn more, get started, and order your books online at www.massasoit.edu/bookstore.

Detailed instructions on how to order your books are available online.

Dual Certificate Course Options

This course has two offerings, Middleborough and Canton.

Course option 1 starts in JANUARY on the Canton Campus. (Students must enroll in both classes.)

Phlebotomy Technician

Monday/Wednesday | 5:00 p.m. - 8:30 p.m.

01/21/2026 - 04/15/2026

No class 01/19, 02/16, 03/16, 03/18

Clinical dates: 04/20 - 05/08

EKG Technician

Saturday | 9:00 a.m. - 3:30 p.m.

Classroom dates: 01/24/2026 - 04/04/2026

No class 03/21

Course option 2 starts in FEBRUARY on the Canton Campus. (Students must enroll in both classes.)

Phlebotomy Technician

Tuesday/Thursday | 5:00 p.m. - 8:30 p.m.

Classroom dates: 2/24/2026 - 5/14/2026

Clinical dates: 5/18/2026 - 6/8/2026

(3 weeks, full-time unpaid work)

EKG Technician

Saturday | 9:00 a.m. - 3:30 p.m.

Classroom dates: 03/28/2026 - 05/30/2026

Single Certificate Course Options

CSHH 045 EKG TECHNICIAN

The healthcare industry is a rapidly growing field with a wide range of opportunities for those looking to make a difference in the lives of others, and the demand for healthcare professionals is increasing. If helping others is your heart's desire, consider becoming an EKG technician. Becoming an EKG technician can be a great career path if you have a passion for helping others, and an interest in the medical field.

This 60-hour course covers topics and activities including: heart anatomy and physiology, proper lead placement, operating and adjusting EKG monitors, diseases of the heart, and medical terminology. Through a combination of classroom and practical sessions you will gain experience as well as meet licensure eligibility requirements and prepare for the national certification exam.

This training course has selective admissions requirements with specific criteria and deadlines. Students must attend an intake session to complete important documents. Acceptance is based upon successful completion of the student intake process.

Canton | C135 | 21124 | \$0

Tuesday/Thursday | 6:00 p.m. - 9:00 p.m.

03/03/2026 - 05/14/2026

Instructor: Eileen Jones

No class 03/17 and 03/19.

CSHH 008 Phlebotomy

Phlebotomists are specially trained professional members of the healthcare delivery team whose primary responsibility is to collect blood specimens from patients for diagnostic testing.

This comprehensive 197-hour program consists of 70 classroom hours and a 120-hour practicum to be completed at a local facility. This program is a one semester learning experience, designed to prepare students for an entry-level position in phlebotomy and laboratory support services. Students learn through a combination of theory and laboratory practice, including instruction in venipuncture, skin puncture, special blood collections, specimen handling, waived laboratory testing, and all regulations governing safety and infection control practices.

The 120-hour clinical field placements will be held as full-time positions following the initial 10 weeks of in-class instruction. The student's actual work schedule will be determined by the assigned clinical site.

This training course has selective admissions requirements with specific criteria and deadlines. Students must provide a completed health form including proof of immunizations and attend an intake session to complete a CORI (criminal background check) and other important documents. Acceptance is based upon successful completion of the student intake process.

Canton | C208 | \$0

Monday/Wednesday | 5:00 p.m. - 8:30 p.m.

03/23/2026 - 06/26/2026

Instructor: Kerry Koceniak

Take the next step in your educational journey!

Massasoit Community College offers over 60 degree and certificate programs that are affordable, flexible and transferrable. If your goal is to earn a bachelor's degree or enter into the workforce, Massasoit is here to help you every step of the way. We offer courses on our three campuses, online, and a hybrid combination of course formats. With support in the classroom, and outside of the classroom, we are here for you at every step.

An Affordable Education

Massasoit Community College is one of the most affordable colleges in all of Massachusetts. Many of our students receive financial aid. We also have scholarships available to qualified applicants.

Renowned Faculty

Our faculty members get to know you by name. Classes at Massasoit are taught by field practitioners and subject experts. Giving you a high-quality educational experience.

Transfer Opportunities

For many students, Massasoit is the beginning of an educational journey. Our many partnerships, including MassTransfer, will help you transfer to a four-year college/university to continue your education.
